The statistical information disclosed in this report is obtained from the California Department of Education and the Fontana Unified School District. When published, this report met all SARC-related state and federal requirements, using the most current data available. Data for instructional materials were acquired October 9, 2009, and school facilities information was acquired in June 2009.

Principal's Message

At West Randall Elementary School our professional staff dedicate themselves to working together to create a safe, orderly, and highly effective learning environment for all of our students. We hold high expectations for student performance and behavior for every student at every grade level.

Our school uses district-adopted and state-approved instructional materials to prepare our students for mastery of state standards and ongoing success in their educational program. Our teachers are certified to work with many special student populations including gifted and talented students, special education students, and students who are learning English as a second language. Teachers attend staff development programs and workshops that help them to further hone their skills and keep them up-to-date on the latest techniques and strategies for effective classroom instruction.

We also provide student intervention services including after-school tutoring, off-track intervention, Saturday classes, and intensive small group instruction. In addition, we enjoy providing our community with fun activities for the family such as Family Literacy Nights, parent education classes, and our annual school musical performances.

We look forward to working with you this year... together we can make a difference in the lives of all of our children!

School Mission

The Mission of West Randall Elementary School is to work together to empower all students to succeed in acquiring the knowledge, skills, and attitudes necessary to reach their full potential as active citizens, meeting the challenges of a changing global society.

District Goals

LEARNING FOR ALL STUDENTS Every student will be provided a comprehensive educational program aligned with the California State Standards that increases student achievement at the highest level and increases attendance.

SAFE, POSITIVE, WELL-MAINTAINED SCHOOLS Every student will be provided with a clean, orderly, and adequately equipped school that is organized for its educational purpose and where every student is welcomed, respected, and valued.

QUALITY STAFF PROVIDING QUALITY SERVICE Every student will be provided with a quality education by highly qualified staff who will be continuously trained in teaching strategies, support programs, and staff development activities.

SCHOOL/HOME/COMMUNITY PARTNERSHIPS & COMMUNICATION Every student will be supported, and relationships enhanced, through open communication with parents, students, colleagues, and the community to develop partnerships.

ACQUISITION & ALLOCATION OF RESOURCES THAT SUPPORT THE ABOVE GOALS Every student will be supported through the strategic allocation of all resources by continuously reviewing, updating, and fully implementing all district plans.

School Profile

West Randall Elementary School is a multi-track, year-round school serving 678 students in kindergarten through sixth grade, including 11% in special education, 66.4% qualifying for English learner support, and 87.6% qualifying for the free or reduced-price meal program. A state preschool program is on campus and open to eligible 3-5 year olds; the preschool program offers a child-centered curriculum focusing on physical, cognitive and social-emotional growth.

Percentage of Students by Ethnicity 2008-09 Enrollment: 678

Asian, Indian or Alaskan Native	0.1%
Guamanian	0.7%
Asian	0.3%
Filipino	1.3%
Hispanic or Latino	66.4%
Multiple or No Response	0.4%

The staff of West Randall Elementary School are dedicated to providing an instructional program designed to meet the individual needs of each student, ensuring that academic programs promote academic success and proficiency. A standards-based curriculum is offered in a supportive, caring, and nurturing environment that fosters high expectations and continued achievement for students, staff, and parents.

Parent Involvement

Parents are encouraged to become involved in West Randall Elementary School's learning community by volunteering at the school, attending school events, or sharing in the decision-making process. Parents may volunteer to help in their child's classroom, the school office, or the library. Events such as Back to School Night, Open House, seasonal music programs and student performances, and kindergarten reading nights provide opportunities for parents to interact with school staff while supporting their child's academic programs. The School Site Council, Parent Teacher Association, and English Learner Advisory Council provide opportunities for parents to have input on curricular programs and financial planning. Parents seeking more information about volunteering their time to the school community may contact their child's teacher, the principal or assistant principal at (909) 357-5780.

West Randall Elementary School offers Community Based English Tutoring for parents who want to effectively support their child at home and the Parent Institute for parents who are seeking successful strategies to help their child with homework or behavior issues. All parents are encouraged to attend the school's six-week

Bright Start program that teaches parents how to help their children with literacy skills. West Randall Elementary School offers computer classes, additional English language classes for bilingual parents, and basic parenting classes.

All school-to-home communication is provided in both English and Spanish. Parents may check the school marquee daily for current announcements and reminders. TeleParent is an Internet-based telephone messaging system that forwards personalized messages from school staff to each student's home.

Student Achievement

Multiple measures of student achievement are used as an ongoing part of the quality instructional program at West Randall Elementary School. These measures are used to monitor students' actual progress as well as to evaluate the effectiveness of the instructional program.

California English Language Development Test

State law requires schools to give the California English Language Development Test (CELDT) to students in grades kindergarten through twelve whose home language is not English. The test identifies new students as English learners, monitors their progress in learning English, and helps determine if they have achieved proficiency in the English language.

District Benchmark Assessments

All students in grades kindergarten through five are tested in language arts five times a year and tested in math three times a year; students in sixth grade are tested in language arts and math once every trimester. These curriculum embedded tests, developed by the district, are written and aligned with state and district standards. Using the results of district assessments, state assessments, and student grades, Fontana Unified School District created a multiple measures matrix. This matrix was used to evaluate overall student progress and to identify students at

National Assessment of Educational Progress

The National Assessment of Educational Progress is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities (SD) and English language learners (ELL) is reported based on three levels (identified, excluded, and assessed).

In the table below, only a sample group of California's schools and districts participate in the NAEP testing cycle. Therefore, students in any particular school or district may not be included in these results. The NAEP reflects state test results and is not reflective of either Fontana Unified School District or West Randall Elementary School. Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the National Assessment of Educational Progress Web page at <http://nces.ed.gov/nationsreportcard/>.

Note: Comparisons of student performance on the NAEP and student performance on the Standardized Testing and Reporting (STAR) Program assessments cannot be made without an understanding of the key differences between the two assessment programs. Additionally, the NAEP only provides state test results for grades four and eight. The California Standards Tests (CSTs) are based on a different set of standards than the NAEP assessments. Information on the differences between NAEP and CST can be found on the CDE National Assessment of Educational Progress (NAEP) Web page at <http://www.cde.ca.gov/ta/tg/nr/>.

Standardized State Assessments

Students at West Randall Elementary School participate in California's STAR examination each year. The mandatory STAR Program (Standardized Testing and Reporting) is a set of assessments that evaluates student proficiency in core subject areas and compares student results with other students in the state who took the same test. The STAR is comprised of a series of four components: the California Standards Tests (CST), the California Alternative Performance Assessment (CAPA), the California Modified Assessment (CMA), and Standards-based Tests in Spanish (STS).

California Standards Tests (CST)

California Standards Tests assess student performance on the California Academic Content Standards adopted by the State Board of Education. Performance standards identify the level of student mastery of the content standards tested. The state target for every student is to score at the Advanced or Proficient level. Students scoring at the Far Below Basic, Below Basic, and Basic levels may receive differentiated instruction through school intervention programs designed to increase student proficiency levels to meet grade level standards. The CST tables in this report illustrate the percentage of students achieving Proficient and Advanced levels. Results are shown only for subgroups with ten students or more taking the exam. Detailed results by grade level for each student group can be obtained from the California Department of Education's website <http://star.cde.ca.gov>.

Academic Performance Index

California uses the results of STAR testing to calculate the Academic Performance Index (API) which is used to measure school performance, set academic growth targets, and monitor progress over time. The API is a numeric index between 200-1000 that measures student performance in grades two through eleven. An API score of 800 is the state's designated performance target for all schools. Test results are weighted and a formula is applied to determine API.

Growth Targets: For schools with an API under 800, the state requires a gain of 5% of the difference between the school's actual API and 800. Growth Targets apply not only schoolwide, but to each numerically significant subgroup as well. Schools/subgroups that have achieved an API of 800 or above must maintain their scores.

Similar Schools Rank: School performance is also compared to other similar schools in the state, based on demographic characteristics, and ranked 1 to 10 within a grouping of 100 schools.

Adequate Yearly Progress (AYP)

No Child Left Behind (NCLB) is a federal law that mandates that all students, including students who are economically disadvantaged, are from racial or ethnic minority groups, have disabilities, or have limited English proficiency, meet the state academic achievement standards for Mathematics and English/Language Arts by 2014. Schools must demonstrate Adequate Yearly Progress (AYP) toward achieving that goal. AYP mandates that certain requirements are met each year:

- Each school and subgroup must perform at designated proficiency levels; 46% of elementary and middle school students must be proficient in language arts and 47.5% must be proficient in math.
- At least 95% of students must take state standardized tests.
- Schools must show improvement in the Academic Performance Index (API) by achieving an API score of 650 or 1 point in growth.
- Each high school must have a graduation rate of 83.1% or show an increase in the graduation rate of 0.2% over a two-year period.

The AYP table in this report illustrates the school's progress in meeting 2008-09 AYP target rates. More information on AYP can be found on the California Department of Education's (CDE) website www.cde.ca.gov/nclb/ and the U.S. Department of Education's website www.ed.gov/nclb/accountability/.

Physical Fitness

In the spring of each year, West Randall Elementary School is required by the state to administer a physical fitness test to all students in the fifth grade. The physical fitness test measures each student's ability to complete six fitness tasks in six major areas. Students that either meet or exceed the standards in all six fitness areas are considered to be physically fit or in the "healthy fitness zone." Comparative district and state results can be found at the CDE's website <http://www.cde.ca.gov/ta/tg/pf/>.

No Child Left Behind (NCLB)

The No Child Left Behind (NCLB) Act is part of the Federal Title I funding program designed to support additional staffing and programs to meet the needs of low-income, low achieving students, and other designated students with special needs. Schools may apply, based upon their student demographics, for one of two types of Title I funding: Title I Schoolwide or Title I Targeted Assistance. Title I Schoolwide schools use federal funds for schoolwide improvement of student achievement. Title I Targeted Assistance schools use federal funds to help those students who meet specific program criteria. In 2008-09, West Randall Elementary School qualified for Schoolwide Title I funding and is subject to comply with Title I program participation requirements.

The statistical information in this table reflects the PI status during the 2009-10 school year.

Any school receiving Title I funds is required to comply with respective program testing and reporting activities, achieve specific levels of student proficiency, and monitor school progress towards meeting established goals. California Adequate Yearly Progress calculations determine whether a Title I school has met performance goals. Schools not meeting specific AYP criteria enter Program Improvement, a monitoring system and curriculum enhancement program designed to help schools to increase student proficiency

levels. More information about Title I and Program Improvement can be located on the CDE's website www.cde.ca.gov/ta/ay/.

School Facilities & Safety

West Randall Elementary School provides a clean, safe, and functional environment for learning through proper facilities maintenance and campus supervision. School facilities were built in 1947; since that time, facilities have been modernized and new administrative offices, classrooms, a cafeteria, and a library have been added to accommodate growth in enrollment. Ongoing maintenance by site custodians and district trade specialists ensures facilities remain up-to-date and provide adequate space for students and staff. During the 2008-09 school, pavement and asphalt areas of the campus were re-surfaced.

Campus Supervision

As students arrive on campus each morning, four campus supervision aides and two teachers are stationed at student drop-off areas, bus lanes, front entrance areas, the playground, and cafeteria to monitor student behavior and activities. During morning recess, five campus supervision aides monitor the playground areas. During lunch recess, five campus supervision aides are assigned to the cafeteria and playground. Three teachers are assigned to supervise student activities during afternoon recesses. At the end of the day when students are dismissed, eight teachers are assigned to strategic locations in the student pickup area, bus loading zones, and at exit areas to ensure students leave in a safe and orderly manner. A crossing guard helps students safely cross the street before and after school. West Randall Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

School Site Safety Plan

In 1998, the comprehensive Safe School Plan was developed by the Safe Schools Committee and the Office of Child Welfare and Attendance to comply with Senate Bill 187 of 1997. The

plan was last reviewed, updated, and discussed with school staff in May 2009. An updated copy is available to the public at the school office. Highlights of the Safe School Plan include the following: Safe Schools' Plan of Action, comprehensive disaster and crisis plan, state and local discipline policies, intervention programs for at-risk students, addressing student aggression, visible authoritative presence on campus, safe transportation, communication strategies, and conflict resolution. The school's disaster plan identifies the roles and responsibilities of school staff during an extreme emergency situation; the plan is discussed and reviewed with school staff at the beginning of each school year.

District Inspection Results

The district's maintenance department inspects facilities and operating systems at West Randall Elementary School at least twice a year. A formal inspection report is prepared annually in accordance with Education Code §17592.72(c)(1). Fontana Unified School District uses the Facilities Inspection Tool developed by the California Office of Public School Construction to assess current conditions of the campus and identify facilities improvement needs. The most recent school inspection took place on June 4, 2009. During the 2008-09 school year, all restrooms were fully operational and available for students to use at all times.

San Bernardino County Williams Inspection Results

On an annual basis, representatives from the San Bernardino County Superintendent of Schools visit Fontana Unified School District's schools that are in the API Decile Ranks 1-3. The inspection is designed to evaluate and verify that school facilities conditions are in "good repair" and that any deficiencies are accurately reported in the School Accountability Report Cards. The most recent facility inspection completed by the county took place on August 13, 2009. Results of the inspection and corrective action taken by the district are provided in table below.

Area Inspected	Category	Deficiency Noted	Corrective Action Taken
Classrooms	Interior Surfaces	Plaster or paint is damaged in Rooms 1 through 12.	WO# 80238

Room 12	Structural Damage	Dry rot/mold in structural components.	WO# 88240
Room B7	Structural Damage	Damage to skirting, siding, and/or exterior vents.	

Campus Maintenance

School custodial staff and the district's maintenance department work together to ensure playgrounds, classrooms, and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. The Fontana Unified School District publishes a comprehensive custodial manual which outlines cleaning standards and prioritization guidelines. Each custodial staff member receives job training and is provided a copy of the district's cleaning manual which defines individual responsibilities regarding maintenance procedures, daily responsibilities, performance expectations, and safety measures. Daily housekeeping and cleaning takes place in the evening. When students and staff are on intersession or school break, custodial teams focus on deep cleaning of carpets, floors, windows, restrooms, and other major components of the campus.

An electronic work order process is in place for non-routine school repairs and maintenance projects. School staff submit work orders to the school secretary who forwards all work orders to the district's maintenance department who identifies the scope of the project and then assigns the project to either district maintenance technicians/specialists or site custodians. Each site custodian is capable of handling general repairs; projects requiring specialists or third party contractors are completed by the district's maintenance department. Emergency repairs are typically resolved immediately by either school custodians or district maintenance specialists.

One full-time day custodian and two full-time evening custodians are assigned to West Randall Elementary School and are responsible for keeping classrooms and facilities clean, safe, and in good repair and working order. Each morning before students arrive on campus, the day custodian and campus supervision aides inspect facilities for graffiti, safety hazards or other conditions that need attention prior to students and staff entering school grounds. Restrooms are checked periodically throughout the day and cleaned as needed. The principal and custodians communicate regularly regarding campus maintenance and safety issues.

Deferred Maintenance

Fontana Unified School District participates in the State School Deferred Maintenance Program which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. During the 2008-09 school year, West Randall Elementary School received deferred maintenance funds for paving projects (\$81,983.00) and wall system repairs (\$1,154.47).

Discipline & Climate for Learning

West Randall Elementary School's students conduct themselves responsibly and respectfully, minimizing the need for disciplinary action or intervention. Students are guided by school rules and behavior expectations established by the Fontana Unified School District and that promote respect, cooperation, courtesy, and acceptance of others.

School staff discuss the various types of appropriate and inappropriate behavior supplemented with the range of consequences for poor choices in conduct. A progressive discipline approach is taken when students are having difficulty following school rules. Administrators take into consideration past behavior trends when determining appropriate consequences.

At the beginning of the school year, a discipline assembly is held for each grade level; administrators discuss school rules, district policies, and behavior expectations. Fourth, fifth, and sixth grade student assemblies include sexual harassment and no bullying policies. Students are reminded of school rules and behavior expectations as needed throughout the year at parent conferences, in

classroom discussions led by teachers, and in conferences with the principal.

Every student has the opportunity to be recognized for outstanding academic efforts and demonstrating good citizenship. Students demonstrating good behavior are immediately rewarded with Bulldog tickets issued by any school staff member. Students deposit earned tickets into weekly prize drawings; one Bulldog ticket is pulled per classroom. Academic achievements are honored at end-of-trimester awards assemblies; certificates are issued for perfect attendance, academic achievement, good citizenship, Honor Roll, and Principal's Honor Roll. Students who have maintained a perfect attendance record for the entire school year are presented with a trophy. At the end of the year, the sixth grade promotion ceremony brings staff and parents together to celebrate students' efforts and the transition to middle school.

Students work as a team each week to gain the highest classroom attendance record; the winning class is congratulated each Friday over the intercom system and receives the traveling attendance trophy for the week (one trophy for each grade level).

After-school programs and clubs feature fun activities that promote academic enrichment and support. West Randall Elementary School sponsors a Computer Club for students interested in technology. The after-school Homework Club offers a quiet, supportive environment to complete homework assignments independently or with assistance from certificated teachers. The city parks and recreation department hosts the Fontana After School Program on campus which offers a supervised, structured environment for after-school activities.

Curriculum & Instruction

Instructional Materials

All textbooks used in the core curriculum throughout Fontana Unified School District are aligned to the California Content Standards and Frameworks. Instructional materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards-based and approved by the district's Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On June 3, 2009, Fontana Unified School District's Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution #09-36 which certifies as required by Education Code §60119, that (1) textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent

with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, 3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and 4) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-11, inclusive.

In addition to the core subject areas, districts are required to disclose in their SARCs the sufficiency of instruction materials used for its visual/performing arts curriculum. During the 2009-10 school year, Fontana Unified School District provided each student, including English learners, enrolled in a visual performing arts class their own textbook or supplemental materials to use in class and to take home. These materials comply with the state's content standards and curriculum frameworks.

Library Resources

The school library is open daily from 8:00 a.m. to 3:30 p.m. and staffed by a full-time library technician. The library features over 12,385 titles in English and more than 300 titles in Spanish for students to check out. Students have access to additional resources such as encyclopedias, dictionaries, newspapers, magazines, and books on tape. Four Internet-accessible computers are available for research and Accelerated Reader testing. Students visit the library with their class once a week; students may visit the library on their own time before school, during lunch, and after school.

Technology Resources

During the 2008-09 school year, West Randall Elementary School had a total of 375 computers. The school has two computer labs, one equipped with 20 computers and the second equipped with 36 Internet-accessible workstations which are primarily used for whole class instruction. Each teacher determines the subject area and method to integrate technology into the math, language arts/writing, social science, and science curricula. Students use classroom and lab computers for research, Study Island, Accelerated Reader, Accelerated Math, graphics presentations, and word processing.

Staff Development

All training and curriculum development activities at Fontana Unified School District revolve around the California State Content Standards and Frameworks. West Randall Elementary School supplements district training with site-based training focused on meeting the needs of the school based upon student assessment results and teacher input.

Staff Development Days Three-Year Trend		
2006-07	2007-08	2008-09
3	3	3

During the 2008-09 school year, West Randall Elementary School held three staff development days that focused on:

- Thinking Maps
- SPARK (physical education curriculum)

As a supplement to district-sponsored professional development buy-back days, West Randall Elementary offers staff training throughout the year on early release days to address identified areas of need and instructional practices. During the 2008-09 school year, training activities focused on:

- Analysis of Student Assessment Data
- Differentiated Instruction for English Language Development
- School Governance Plan
- Analysis of Math and Language Arts Implementation Schedules
- Analysis of School Spirit
- Thinking Maps
- Review of Effective Implementation of Language and Math Curricula

Fontana Unified School District plans, implements, and evaluates professional development opportunities for administrators and teachers. Staff members are encouraged to attend district sponsored training and professional development programs. These programs include:

- Salary Advancement Courses
- New Teacher Induction
- New Teacher Orientation
- Substitute Training
- Professional Growth

- National Board Certification
- Aspiring Administrators Academy

New and veteran teachers are offered support through Peer Assistance and Review and Beginning Teacher Support Assistance programs. Each program pairs participating teachers with qualified veterans to gain the skills and knowledge to be effective in the classroom. Paraprofessionals receive specialized training to support current classroom curricula and instructional strategies. Classified support staff receive job-related training from department supervisors and district representatives.

Professional Staff

Teacher Assignment

For the 2008-09 school year, West Randall Elementary School had 31 teachers who met all credential requirements in accordance with state guidelines. The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "NCLB Compliant". Minimum qualifications include: possession of a bachelor's degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects.

The table below identifies the number of classrooms taught and not taught by NCLB compliant teachers. High poverty schools are defined as those schools with student participation of approximately 75% or more

District Expenditures

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state. (Note: 2007-08 salary comparison data was the most recent data available at the time this report was published.)

Expenditures Per Student

For the 2007-08 school year, Fontana Unified School District spent an average of \$8,246 of total general funds to educate each student (based on 2007-08 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at <http://www.cde.ca.gov/ds/fd/ec/> and <http://www.cde.ca.gov/ds/fd/cs/>. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)
