May 17, 2010

Dear Fontana Family:

The purpose of this letter is to inform you that for the 2010-11 school year, Canyon Crest Elementary School **may be** identified as a Year 1 Program Improvement (PI) school under the federal No Child Left Behind (NCLB) Act of 2001. Although the 2010 test results will not be available until August 31, 2010 we want to provide you with the School Choice Transfer option prior to the first day of the 10-11 school year.

A provision of NCLB allows all students in a PI Year 1 the **Public School Choice Option**.

What is PI?

NCLB requires the state and district to review annually the academic progress of federally funded Title I schools and to identify schools in need of improvement. These schools are identified as PI schools after two consecutive years of not making adequate yearly progress (AYP). California determines AYP by considering the following four measures:

- The percentage of students scoring at the “proficient” or “advanced” level on the California Standards Tests for English-language arts and mathematics in all significant subgroups
- The percentage of students participating in those tests
- The graduation rate for high schools
- California’s own accountability measurement of progress, the Academic Performance Index (API)

Public school choice: What right does a parent have to request a transfer to a school that is not in PI?

All parents/guardians of students attending a PI school have the right to request a transfer of their child(ren) to a non-PI district school with district-paid transportation.

For parents who select this option, the district will provide transportation to the non-PI school for as long as the home school continues to be identified as a PI school. If the home school exits PI by making AYP for two consecutive years, the student can remain at the school; however, transportation will no longer be district-paid. If the demand for choice exceeds funds available, priority will be given to lowest achieving, low-income students.

If you are interested in transferring your child(ren) to a non-PI school in the district for the 2010-11 school year, please select from the following schools. Your preference of a non-PI school will be taken into consideration.

Name of School	API Scores *	Schoolwide English-Language Arts	Schoolwide Mathematics
		Percent Proficient or above** (Elem target = 46%)	Percent Proficient or above** (Elem target= 47.5%)
Canyon Crest Elementary	804	53%	62.3%
Oleander Elementary	808	50.1%	68.1%
Shadow Hills Elementary	808	52.3%	60.1%

*800 on the API = Meeting the state proficiency target for schools on the Academic Performance Index

**While the school achieved its schoolwide target, one or more subgroups may have missed their target
