Allegiance

(Board of Education Regular Meeting August 7, 2002)

The President called for comments from the audience regarding the following Public Hearing items:

Public
Hearing

2002-03 Fontana Teachers' Association's Collective Bargaining Proposal.

There were no comments.

Adoption of Resolution No. 02-23, Increase Statutory School Facility Fees on Residential Additions, Commercial/Industrial Construction and Senior Housing.

Mr. D'Souza explained that this is a fee adjusted by the State Allocation Board every two years, that local agencies had received copies of the report, and that the district had received no written objections.

There were no comments from the audience.

Adoption of Resolution No. 02-25, A Mitigated Negative Declaration for the A.B. Miller Wing Expansion in Accordance with the California Environmental Quality Act

Mr. D'Souza stated that local agencies had been notified of these necessary environmental studies, and that the district had received no notification of opposition. He noted that comments had been received from the Fontana Police Department, and that they would work with architects for traffic control in the A.B. Miller area.

There were no other comments.

The President closed the public comment period.

On motion made by Mr. Rick McClure, seconded by Dr. Wayne Ruble, and carried, the Board adopted Resolution No. 02-23: Increase Statutory School Facility Fees on Residential Additions, Commercial/Industrial Construction and Senior Housing. (Copy attached to Official Minutes)

Change Order
Approved

Dr. Ruble asked whether the district might in the future be sorry for approving change orders that call for a decrease in the amount of the contract.

Mr. Lloyd Cash, Director of Maintenance, Operations and Constructions, clarified that these change orders are not due to projects being scaled down, but rather are related to the district not allowing the main contractors to give allowances for sub-contractors.

On motion made by Dr. Wayne Ruble, seconded by Mrs. Kathy Binks, and carried, the Board approved Change Order No. 01 to the contract with T.B. Mr. Hawthorn asked if, under the proposed Board Policy for Professional Growth, employees would be eligible for reimbursement for fall classes that they registered for in August.

Professional
Growth Board
Policy
Discussed

Dr. Peoples responded that a deadline would have to be set by the committee for reimbursement. Seed funding for the program had been identified at \$50,000, and the committee would need to determine whether summer coursework would be eligible. She expected that fall term courses would be eligible.

Ms. Binks wondered how long it would take for reimbursements to be processed.

Dr. Peoples explained that once participants showed proof of completion with an acceptable grade in the courses eligible, the committee would expedite reimbursement. The committee must work within the established budget; therefore priorities may be implemented based on the number and type of requests received.

Mr. Hawthorn asked how the committee members would be selected.

Dr. Peoples responded that the Superintendent's Cabinet would represent Management, and that there would be three managers appointed to represent the United Steelworker's of America and three for the Fontana Teachers' Association.

Mrs. Binks asked that the Board be kept apprised of the number of employees participating in the program.

On motion made by Dr. Wayne Ruble, seconded by Mrs. Kathy Binks, and carried, the Board adopted the second reading revision of BP and AR 4231.5/4331.5, Professional Development Program. (Copy attached to Official Minutes)

On motion made by Mrs. Kathy Binks, seconded by Mr. Gus Hawthorn, and carried, the Board approved a contract with All City Management Services for crossing guard services.

Contract
Approved

Dr. Ruble asked how requests for additional crossing guards would be handled once this contract was approved.

Pierre Galvez, Assistant Chief, Police Services, responded that requests would be referred to the City for study, then that request would be forwarded to All City Management Services to fill the position.

Mr. Orlich questioned the necessity of Reference SS on the Consent Calendar, a contract for psychological testing services for employees.

Questioned

Dr. Peoples clarified that this testing was provided only when necessary to determine whether an employee was fit for duty. She explained that just as with physical health, employees might encounter problems with psychological health, and that it was the duty of the district to take precautions when entrusting students to its employees.

On motion made by Dr. Wayne Ruble, seconded by Mr. Rick McClure, and carried, the Board approved Consent Calendar Items as follows:

Ms. Mazzolini referred to a recent national conference in Minnesota sponsored by the American Productivity and Quality Center (APQC) where district staff presented the district's Focus on Achievement Program. The district's first year results from the program were out in national publication through APQC, and the second year results were just as strong as the first. She noted that not all gains to the API were from the Focus On Achievement Program; progress made districtwide was due also to implementation of Curriculum Management Audit recommendations. The district had also succeeded in gaining \$9 million in state and federal grant money over the prior three years. She noted that the Fontana Unified School District was an extremely focused district, and the funding received would assure the district would continue in this direction.

Mr. D'Souza commented on the Almond Elementary School groundbreaking held earlier in the day. He noted that the Business Department has been extremely busy closing the fiscal year, and stated that audited actuals would be ready by September 15, with final numbers provided at the September 18th Board meeting. He expressed hopes that the final budget from the State would also be in place at that time.

Dr. Ruble asked when the dedication ceremonies for the two new elementary schools (Sierra Lakes and Ted J. Porter) would be held.

Mr. D'Souza replied that although a date had not been set it was planned to have a ceremony for Sierra Lakes; however Ted J. Porter was at the time a temporary school and he was not sure a dedication ceremony should be held until the permanent school was built and ready for occupation in three years.

Dr. Harshman stated she thought it would be a good idea to hold a dedication ceremony for Ted J. Porter school even though it was a temporary school.

The board concurred.

Dr. Harshman extended congratulations to the administrators approved for promotions and changes in assignment at the meeting, and stated that she felt it was a real tribute to district that it was "growing our own" administrators. She then mentioned the groundbreaking for Almond Elementary School, and noted that when completed it would be the 26th elementary school in the district, which had built 14 elementary schools since 1986.

Dr. Harshman then commented that the district API scores had been computed by the district's Educational Accountability office; however official scores from the state would probably not be available for another month and a half. The new scores reflected growth in all areas, which was a continuance of a 5-year trend for students in grades 2 through 11. Most schools in the district had met and surpassed their targets for the API. Dr. Harshman stated that this steady movement indicated the success of programs implemented and the work of staff involved in them. The district had also been successful in obtaining funding in the form of CSRD grants to support these programs. Dr. Harshman noted that out of only 65 grants awarded in the entire state, five were awarded to Fontana.

Mrs. Binks recognized that it was only through a united effort that the administrator changes approved on the agenda were made possible, and thanked all involved. She then mentioned an anonymous letter of concern about a coach's behavior received by Board members and noted that while no official action could be taken on such anonymous items, that perhaps a meeting with the athletic directors and head coaches from each high school to review expectations was in order.

Dr. Harshman agreed to set up such a meeting.

Mr. McClure remarked on the Almond School groundbreaking, and noted that it was the voters twelve years ago that passed a bond measure that made it possible for the district to build schools as it had been and continued to do.

Mrs. Binks interjected that, to her, the greatest compliment was that the district had done exactly what it said it would with that bond money.

Mr. McClure then commented on school visits he had been making which were making clear to him why district students were doing so well. He extended congratulations to the recipients of the National Teaching Certification awards presented earlier in the meeting, and stated that he felt the district had many more teachers that were worthy of certification. He stated that he was looking forward to seeing more and more teachers receiving this certification every year.

Mrs. Mancha concurred with Mr. McClure's comments.

(Board of Education Regular Meeting August 7, 2002)

Dr. Ruble commented on the APQC conference he attended in Minnesota with Dr. Harshman and other district administrators and staff, and that one of the advantages of attending such conferences as a Board member was the having the opportunity to evaluate administrators who attend and give presentations, and to hear what others throughout the country have to say about the district's people and schools. He stated that he felt Dr. Harshman, Dr. Joe Deem, Director of Elementary Education, and Mr. Matthew Lewis, Coordinator of State and Federal Intervention Programs, had represented the district very well while presenting at the conference.
