A Message from the Superintendent

The Mission of the Fontana Unified School District is to prepare all students to be successful in a changing world. Today, more than ever before, our focus is on ensuring academic success for all students.

The contents of the School Accountability Report Card provide information on each school's accomplishments by specific categories. The school and district are proud of the many accomplishments and recognize the need for constant review and improvement as necessary. It is our hope that you will find the information useful as all of us continue to enhance the program for students.

INDICATORS OF THE CONDITIONS OF THE SCHOOL

Pupils' Progress Toward Meeting Academic Goals in Reading, Writing, & Math • 1999-2000 School Year

Test results for the District's quarterly, curriculum embedded math tests and Stanford Achievement Test - ninth edition (SAT-9) for the 1999-2000 school year were carefully reviewed by the teachers, administrators and staff. The results demonstrate that there is a continuing trend of improvement in the percentage of students meeting or exceeding these standards. The focus for the 2000-2001 school year is to continue this trend in all grade levels.

With these academic testing results in mind, the teachers, administrators and staff of Southridge Middle School have developed specific goals for improvement and have received much additional staff development to assist students in reaching these goals. This includes training and materials by the Consortium On Reading Excellence (CORE), Jr. Great Books, Accelerated Reading, integrating technology into the curriculum, Writing Workshop training by Rebecca Caplan, attending the California Mathematics Council and Cooperative Literacy. We believe these programs will make a difference in our students learning. We will continue to analyze, evaluate and implement new instructional strategies, methods and programs to ensure academic achievement.
