

2023-2024 School Plan for Student Achievement (SPSA)

SPSA Year:

X2023-24

School Name and School Code	Dolores Huerta International Academy 36 67710 0133371		SSC Approval Date: May 3, 2023
School Address	17777 Merrill Avenue, Fontana, CA 92335-8110		Local Governing Board Approval Date: Pending approval June 21, 2023
			Original
Name of Principal	Sandra Loudermilk	Phone # and Email	(909) 357-5070, Sandra.Loudermilk@fusd.net
Name of SSC Chairperson	Rosio Merino	Phone # and Email	(909) 833-2738, ROSI_16@yahoo.com}
SCHOOLWIDE PROGRAM (SWP)			
SWP ATSI			

School Plan Overview

VISION AND MISSION

Developing internationally educated and globally minded scholars through rigorous, innovative, multilingual, and intercultural education

Desarrollar académicos con educación internacional y mentalidad global a través de una educación rigurosa, innovadora, multilingüe e intercultural.

Our students, parents and staff embrace the following CORE values:

- Dedication to thrive academically as open minded, knowledgeable and lifelong learners

Dedicación para prosperar académicamente como aprendices de mente abierta, informados y de por vida.

- Harmony through a respectful and open-minded school environment that celebrates global diversity by promoting cooperation and equity within our community

Armonía a través de un entorno escolar respetuoso y de mente abierta que celebra la diversidad global al promover la cooperación y la equidad dentro de nuestra comunidad.

- Innovators who are creative, principled and knowledgeable and use technology to inquire, reflect, and communicate in order to be effective problem solvers.

Innovadores que son creativos, tienen principios y están bien informados y usan la tecnología para investigar, reflexionar y comunicarse con el fin de resolver problemas de manera efectiva

- Academic activism to inspire and empower compassionate, reflective, risk-taking thinkers who embrace multiculturalism with an open mind.

Activismo académico para inspirar y empoderar a pensadores compasivos, reflexivos y arriesgados que abrazan el multiculturalismo con una mente abierta.

As a school dedicated to creating a safe, respectful learning environment, we ensure equal access and opportunity for all with respect, tolerance and empathy; we celebrate the diversity of our community's cultures; and we uphold accountability of our school community.

"Every minute, a chance to change the world." Dolores Huerta

SPSA HIGHLIGHTS (bullet points)

Dolores Huerta International Academy focused on academic instruction with an emphasis on Positive Behavior Interventions and Supports (PBIS) last year. We are proud to have accomplished the following:

School Plan Overview

	<ul style="list-style-type: none">• Teachers were given planning time to develop Teacher Clarity, IB Planners/Units, and to continue to work on the writing program• Scholars read over 100 million words as documented by the Accelerated Reader program• Tutoring was available for scholars• ASL classes were offered to students in grades K-6• Lessons and supports were provided to implement the PBIS expectations• Dolores Huerta International Academy will continue to improve our PBIS implementation• Dolores Huerta International Academy will host a variety of family nights and events to promote family and community engagement
INCREASED OR IMPROVED SERVICES (bullet points)	<ul style="list-style-type: none">• Provide IB training for staff, Category 1 for new staff and Category 2 and 3 for current staff• Provide GLAD part 2 training for staff• Improve access to a third language through an extended learning day• Increase access to Spanish software, books and supplemental materials• Increase release time for educators for professional learning communities to align standards, lessons, and assessments• Improve ELA, SLA, ELD and math intervention for scholars who need more support• Provide paid hours for teachers to develop IB units/planners, teacher clarity, and vertical alignment• Provide extended learning opportunities that are engaging to students

School and Student Performance Data

Student Population

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
639	71.5%	39.9%	0.5%
Total Number of Students enrolled in Dolores Huerta International Academy.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	255	39.9%
Foster Youth	3	0.5%
Homeless	9	1.4%
Socioeconomically Disadvantaged	457	71.5%
Students with Disabilities	60	9.4%

Enrollment by Race/Ethnicity

Analysis of Qualitative Data: Surveys

Analysis Of Qualitative Data: Surveys			
School Metrics/Indicators	Previous Year Outcomes	Current Outcomes	Future Expected Outcomes
Student Fall SEL Survey: Participation Rate for Grades 3-12	87%	88%	80%
Family Climate Survey: Household Participation Rate	48%	19%	25%
Student Climate Survey: Participation Rate for Required Grade Levels (5, 7, 9, 11)	85%	84%	95%
Student Climate Survey: Participation Rate for Optional Grade Levels (3, 4, 6, 8, 10, 12)	33%	0%	N/A – Participation for optional grade levels is not expected. Participation rate is only included to provide additional context for the interpretation of results.

Student Fall SEL Survey	
Grade levels that participated:	Grades 3-6
Strategies or challenges that contributed to participation rate:	Checked completion rate and notified teachers which students still needed to complete their survey.
Areas where growth was evident from previous year:	Self-efficacy, growth mindset and grit went up significantly (6 points) in grades 3-5. We had growth in all areas for our 6th graders but the two areas with the most growth are self-management and emotion regulation.
Areas of strength identified:	Although supportive relationships went down one point in grades 3-5, it is our strongest area with 90% in grades 3-5 and 88% in 6th grade.
Areas where growth is needed:	Although emotion regulation increased this year for all grades, emotion regulation is the area where the most growth is needed.

Student Climate Survey	
Grade levels that participated:	Grade 5
Strategies or challenges that contributed to participation rate:	Checked completion rate and notified teachers which students still needed to complete their survey. Many parents opted their child out of participation.

Student Climate Survey	
Areas where growth was evident from previous year:	Supportive relationships and sense of belonging are the areas that show the most growth from last year. Students responded better that they have a friend at school who they can turn to and that others understand them.
Areas of strength identified:	Our strength is supportive relationships.
Areas where growth is needed:	Student voice is an area of need.

Family Climate Survey	
Strategies or challenges that contributed to participation rate:	We had a new community aide take over who is not as familiar with this process.
Areas where growth was evident from previous year:	Parent support and family and school communication had substantial growth.
Areas of strength identified:	Facilities and student interactions.
Areas where growth is needed:	Family engagement is an area of need.

Site-Based Surveys	
Describe formal and informal methods for gathering input about stakeholder needs (teachers/staff, families, students).	The staff met during the summer and listed areas of need for professional development. Our Leadership Team met and listed a variety of focus areas that they saw as a need for school. They took those focus areas to their grade level teams. We met again and determined that writing was an area of focus for our instructional rounds.
Describe the key areas of need identified through your formal and informal feedback methods with teachers/staff, families, and students.	The areas for professional development were GLAD training, Thinking Map training, and writing training. Our Leadership Team determined writing is an area of focus for our instructional rounds.

Analysis of Qualitative Data	
Classroom Observations Description of types and frequency of classroom observations conducted during the schoolyear and a summary of findings.	Teachers participate in instructional rounds to visit each other's classrooms and learn from each other. The focus continues to be writing but other areas such as math are also being addressed. Classroom Observations are also conducted weekly. We are looking at our IB program and ensuring that Learning Targets and Success Criteria are being posted. Learning Targets are posted 90% of the time and all teachers are implementing their IB unit planners. GLAD strategies are also evident during our classroom observations as well as small group instruction and group work.

Analysis of Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for student subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)	Assessments such as STAR Reading, Measurement of Academic Progress (MAP), IStation's Indicators of Progress (ISIP), grade level common assessments, and supplemental program assessments are used to gather and analyze data. This data analysis is used to inform instructional practices to improve student achievement. Students' needs are identified and addressed during targeted instruction. Students may be identified as needing assistance during the school day via our Response to Intervention (RTI) groups, referred for assistance with our Intervention Specialist Teacher (IST) or referred to the Student Intervention Team (SIT) as a result of this data.
Use of state and local EL academic performance and language development data to determine EL student and program needs.	State and local assessments, including ELPAC, ELPI, and SBAAC data, are used to identify student needs in the area of language development and academic progress for our English Learners and our English only students. Our academic program includes integrated and designated ELD where applicable as a Dual Immersion School. We also focus our Designated ELD lessons on specific language tasks based on our students' needs. Explicit vocabulary instruction is one of our priorities as a Dual Immersion school. Data analysis provides information that drives instruction in order to improve student achievement for our English Learners.
Process for monitoring implementation of the School Plan and annually evaluating progress toward accomplishing the goals.	As data became available it was shared with SSC and ELAC. Formal progress monitoring was conducted in January and March to review implementation and outcomes.
Process for monitoring implementation and annually evaluating progress toward accomplishing EL program goals for addressing the needs of at-risk ELs.	English Learner progress is analyzed and monitored by the EL Site Monitor and administration. Grade level PLC meetings are facilitated by the EL Site Monitor and administration to support teachers in analyzing this data and developing targeted instruction that addresses the needs of our low achieving ELs in order to close the achievement gap.

Staffing and Professional Development	
Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)	The student intervention team reviews data and identifies goals that align with tiered supports involving the team, parents, the student, and where progress is continually monitored. Staff will need professional development in the following areas this year: Writing, Thinking Maps, and GLAD Training. IB Category 1 training will be offered to an new teachers.
Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)	Ongoing professional development will continue in the area of Dual Immersion, International Baccalaureate, PBIS, and parent engagement.
Teacher collaboration by grade level (kindergarten through grade eight) and department (grades nine through twelve) (EPC)	Regular planning time will be provided for teachers to meet in their PLC groups for IB Unit development, Data Analysis, Planning, and creating common formative assessments. Additional time will be provided for teachers to align standards to lessons and assessments, to analyze data, and to plan appropriate interventions for students who need additional support.

Teaching and Learning	
Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)	<p>Teachers at all grade levels use The California Common Core Standards including the Frameworks for ELA/ELD, Mathematics, History Social Science and NGSS. Fontana Unified School District has adopted instructional materials that align with the CCSS in Mathematics, English Language Arts and History Social Science:</p> <p>TK-5th grade My Math, McGraw Hill 6th grade Big Ideas</p> <p>TK-5th grade Wonders, McGraw Hill 6th grade Study Sync</p> <p>TK-6th Social Studies Alive! TCI</p> <p>TK-6th Twig</p> <p>Instructional Strategies are supported by professional development. All curriculum adoptions are paired with comprehensive professional development and support for teachers with instructional strategies. Teachers on assignment provide grade level and individual support with Curriculum Guides, Frameworks, lesson planning and coaching.</p> <p>Teachers utilize differentiated instructional groups both during class and during Response to Intervention Time in Language Arts and Math. The instructional support teacher provides targeted literacy supports through programs such as Read 180, System 44, WonderWorks, and Lexia.</p> <p>Alignment occurs during planning sessions. Teachers are given opportunities to plan IB units using state standards and adopted curriculum. Supplemental materials are also provided through a variety of teacher resources.</p>
Availability of standards-based instructional materials appropriate to all student groups (ESEA)	All (100%) students have access to grade-appropriate, standards-based core instructional materials. In addition, identified students are provided access to intervention materials that are intended to meet their identified needs (i.e. Read 180, Ready Common Core, WonderWorks). Students who participate in the Resource Specialist Program also have access to instructional materials that support attainment of goals as outlined in their Individual Educational Plans. District adopted curriculum is

Teaching and Learning

standards based and provides instructional materials for the different student groups. We also have a variety of online tools that can be used to supplement instruction for students with differing needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Dolores Huerta International Academy provides quality first instruction and response to intervention during the regular school day. Teachers provide assistance to underperforming students during their RTI time in their classrooms. In addition, we have an Intervention Specialist Teacher (IST) on campus who works with students struggling in the area of Language Arts. There is also a full time Resource Specialist and a classroom aide who work with students with disabilities. We have a part time math intervention specialist who provides additional support for math in grades K-3. Teachers also provide tutoring after school.

Determination of whether the needs of all children have been met by the SPSA Actions/Services implemented, particularly the language and academic needs of English Learners and students not meeting the state academic content standards.

The SPSA actions and services met the needs of most students. Although the 2021-2022 SPSA did not meet the needs of students with disabilities in math, ELA, and chronic absenteeism, our current attendance data shows we have closed the gap in Chronic absenteeism. Our MAP data indicates that it is likely that we will shrink the gap in math and ELA. The 2022-2023 SPSA data demonstrates that our English Learners are making progress in Language Proficiency, with an increased number of students meeting reclassification criteria.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Through our needs assessment, the following resource inequities were revealed:
We are a dual language immersion school. We currently do not have a Spanish supplemental assessment or materials for our 6th graders. Students with disabilities need more engaging and rigorous lessons.

Parental Engagement

Resources available for families to support their child(ren's) education and assist under-achieving students.

Student Intervention Team meetings were held for students who are underperforming. Parents were provided information on interventions that were available during the school day, tutoring opportunities outside of the school day, and resources to support learning at home. Parents also participate in School Site Council, ELAC meetings, and regularly scheduled family nights such as Math Night, Literacy Night, and Steam Night. In addition, administration also schedules parent informational nights on topics such as PBIS, CAASPP, and IB.

Educational Partner Involvement

Involvement of parents, community representatives, classroom teachers, other school personnel, students in secondary schools, SSC and ELAC members in the SPSA evaluation and development process.

Principal provides monthly updates with expenditures and progress on planned actions and services.
In February and April, School Site Council performed progress monitoring on the SPSA actions and services.

In April School Site Council, with input from ELAC, determined which actions to continue, modify or discontinue based progress monitoring and the anticipated needs of students.

Educational Partner Involvement

In May School Site Council reviewed and approved the 2023-2024 SPSA.

ELD Evaluation

Please evaluate whether ELD, both Integrated (I-ELD) and Designated (D-ELD), has been implemented effectively at your school site and whether adjustments are needed to assist English Learners in overcoming language barriers within a reasonable amount of time. Use the table below to complete your evaluation. Your evaluation may be used as tool to inform your school site's ongoing implementation of ELD and the development of the SPSA.

Has Integrated ELD been implemented effectively? How was it measured? Include all supporting data (ex.; ELPAC, RFEP, EL graduation rates, observational data, etc.) in answering this section.

We need to improve our integrated ELD implementation. Our data indicates fifteen percent (15%) of English Learners declined one ELPI level, which is one percentage higher than the previous year. Students need more integrated ELD across curriculum areas by incorporating lessons that bridge the two languages. This has been measured through classroom observations and lesson plans.

Has Designated ELD been implemented effectively? Include all supporting data (ex.; ELPAC, RFEP, EL graduation rates, observational data, etc.) in answering this section.

Twenty five percent (25%) of our English Learners maintained their ELPI level which is higher than last year by 4% and fifty nine percent (59%) made progress this year. Designated ELD has been implemented effectively. Teachers provide designated ELD daily and most classes have a different teacher for ELD. Teachers incorporate lessons across curricular areas and often tie their ELD lessons with their IB units. The STEAM teacher is also providing designated ELD to classes in grades K-3.

What adjustments are needed to improve or enhance the implementation of your site's core comprehensive ELD (I-ELD and D-ELD)? Sample actions for consideration: provide EL specific professional development, monitor ELD instruction, monitor use of core and supplemental ELD curriculum, etc.

Our teachers will continue with Guided Language Acquisition Design (GLAD) training to help them deliver academic content and language lessons. A focus is necessary on our EL students and their particular areas of need. Teachers will continue to be guided on how to look at their students' ELPAC results and how to group their EL students according to their domain need. Our students' areas of need are Reading and Writing. Teachers will assign English reading and develop Learning Targets and Success Criteria for writing. EL students will be monitored to ensure they are making progress.

SWP Requirements

SWP Requirements: [ESSA section 1114(b)(7)] The SWP plan includes a description of the strategies that the school will be implementing to address school needs, including a description of how such strategies:	DESCRIPTIONS OF HOW THE PROVISIONS WILL BE CARRIED OUT	TIMEFRAME(s)
Provide opportunities for all children, including each of the subgroups of students to meet the challenging State academic standards	Teaching staff will participate in professional development of Thinking Maps to ensure quality first instruction. Staff requires professional development in order to plan and deliver quality first instruction that is aligned with the rigor of CCSS, DLI instruction, and the IB program. Teachers will create standards-based lessons and assessments, analyzing data, and planning for interventions and enrichment opportunities. Teachers will have collaboration time to reflect and refine IB units which incorporate the CCSS. GLAD training will continue with part two for teachers.	Professional Development Teacher Clarity-Monthly August-May Collaboration Time Twice monthly August -May GLAD-Part two in fall 2023
Strengthen the academic program in the school, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum which may include programs, activities, and courses necessary to provide a well-rounded education	Teachers will continue to expand their knowledge by attending additional IB Category 2 and 3 training opportunities. Before and after school tutoring will also be offered for students who may need additional support with meeting the grade level expectations. Extended learning opportunities will be offered to help develop EL students' language proficiency and comprehension. Enrichment opportunities and clubs will be offered.	IB Professional Development in October, January, and June Extended Learning Opportunities Eight weeks per cycle September - May Extended Learning Opportunities for EL students-Eight weeks per cycle September -May
Address the needs of students at risk of not meeting the challenging State academic standards.	Multiple opportunities will be provided for informal and formal (CFAs, summative) assessments. Data from these assessments will be analyzed in order to provide intervention and/or acceleration opportunities. Teachers will analyze data and set goals with students and families to close the achievement gap.	Progress Monitoring-quarterly August -May RTI-daily August through May Walkthroughs- daily for admin August -May

	<p>Students who are at risk of not meeting the academic standards receive intensive small group support during Our Response to Intervention time (RTI), from our Instructional Specialist Teacher, and/or before or after school tutoring.</p> <p>Class walkthroughs will be conducted to ensure and measure engagement and effectiveness of instruction.</p>	
--	---	--

Planned Improvements in Student Performance

The SWP plan is developed based on a comprehensive needs assessment of the entire school that takes into account information on the academic achievement of children in relation to the challenging State academic standards, particularly the needs of those children who are failing, or are at-risk of failing, to meet the challenging State academic standards and any other factors as determined by the local educational agency. [ESSA section 1114(b)(6)]

LEA/School GOAL 1: Students will demonstrate improved academic growth and achievement through access to high quality educators, academic programs, and instructional resources that increase engagement and unlock potential.

CAASPP Data Analysis (Distance from Standard) – ALL Students

Achievement Trends:

Our CAASPP data indicates that the distance from standard fared the worst than any other grade level in ELA. Our 6th graders were actually above distance from standard, +5.4 in English Language Arts. In math, our fifth graders showed the greatest distance from standard (-79.8) than any other grade level. Our students with disabilities had the greatest distance from standard in both areas followed by our English Learners.

Growth Trends:

N/A due to no CAASPP testing in 2020 or 2021.

Identified Areas of Strength:

An area of strength is ELA. We strongly promote literacy. We will continue to promote literacy and set and monitor goals more closely this year to continue growth in literacy. A third-grade strength is listening, 81% of the students were at or above meeting standard. Over 80% of our sixth graders scored at or above standard in writing, listening, and research/inquiry. In math, 72% of our students scored at or above meeting standard in communicating reasoning.

Identified Needs (Areas for Growth):

Our CAASPP data indicates that math is an area of need. We will strengthen our focus in this area with our MISA (Math Instructional Support Aide) and provide tutoring in this area. Concepts and Procedures is the greatest area of need as 47% of our students are below standard. Our greatest area of need is in writing with 30% of our students scoring below standard. However, in the 6th grade, the area of need is in reading.

List Student Groups in Need of Targeted Support (underperforming compared to the ALL-student group):

Our data indicates that we need to focus on our English Learners and our students with disabilities.

MAP Data Analysis – ALL Students

Achievement Trends:

Overall, 46% of our scholars scored in the high average or above on reading and 44% scored in the high average or above on math.

MAP Data Analysis – ALL Students
Growth Trends:
Our 4th, 5th, and 6th graders demonstrated growth in Reading. Our 3rd, 5th, and 6th graders demonstrated growth in math.
Identified Areas of Strength:
Our identified area of strength is 5th and 6th grade math.
Identified Needs (Areas for Growth):
Two areas for growth are 4th grade math and 3rd grade reading. Our scholars are still receiving most of their instruction in Spanish (70% in 3rd grade and 60% in 4th grade).
List Student Groups in Need of Targeted Support (underperforming compared to the All-Student group):
Our students with disabilities need the most targeted intervention.

CA Dashboard Analysis (Academic Indicator) - ALL Students
English Language Arts Performance
All student group is low in English Language Arts with a DFS of -23.5.
Math Performance
All student group is low in math with a DFS of -60.8.
List Student Groups in Need of Targeted Support (underperforming compared to the ALL-Student group)
Socioeconomically Disadvantaged students Dolores Huerta International Academy has been designated for Additional Targeted Support and Improvement (ATSI) status under ESSA requirements for the Students with Disabilities student group for the 2023-2024 school year.
Problem Statements
The students with disabilities student group has very low academic achievement in ELA. The students with disabilities student group has very low academic achievement in Math The students with disabilities student group has very high absentee rates.
Root Cause Analysis for CSI/ATSI Student Groups

CA Dashboard Analysis (Academic Indicator) - ALL Students

There is a lack of time for teachers to develop learning activities at the various DOK levels to build stamina.
 There is a lack of time to build lessons that utilize tools and resources for students with disabilities.
 There is no roadmap (structure and/or protocols) that includes accountability for students and teachers.

Site-Specific Measures

Description of Site-Specific Data Collected for Progress-Monitoring

Classroom visit data, Fall Winter MAP Data, ISIP data, pre and post tests (tutoring program)
 Student surveys, teacher surveys

Identified Areas of Strength:

Scholars showed significantly more growth in reading. Student writing is improving, based on classroom observations and learning walks, reading is improving based on AR results, Grades 4, 5, and 6 all showed growth on the winter MAP scores in both reading and math. Parent participation at family events and pep rallies is high.

Identified Needs (Areas for Growth):

Third grade reading and math need support. Based on ISIP data and classroom observations, we need to focus on small group instruction and interventions in Spanish. We need to vertically align our writing program.

Based on qualitative and quantitative data analysis, identified needs, and student groups listed for targeted support, what strategies will be used to meet this goal?

- We will continue to work on Building Thinking Classrooms, small group differentiated instruction
- GLAD, Calibration and vertical alignment to improve writing
- Literacy workshops for parents
- Professional development in GLAD strategies, Thinking Maps, IB, and analyzing data.
- Enrichment opportunities (STEAM) and expose our students to a foreign language as an IB school
- Effective implementation of instructional technology
- Continue implementation of PBIS strategies such as CICO and PBIS Rewards

LEA/School GOAL 1a Academic Needs of ELs:

English Learners in the DLI program and English program will demonstrate improved academic growth and achievement in Reading through the use of Academic discourse structured with response frames.

MAP Growth Language (EL): Avg Fall-to-Fall Conditional Growth Index (CGI)	-0.64	-0.05	>= 0
MAP Growth Math (EL): Avg Fall-to-Fall Conditional Growth Index (CGI)	-1.51 (Excludes K-2 due to invalid Fall 2020 results)	-0.22	>= 0

CAASPP Data Analysis – EL Students

How does the EL Student Group achievement compare to the ALL-Student Group?

Our ELA CAASPP data indicates that our English Learners are 73.1 points from standard and our ALL student group is 24.1 points from standard. This indicates a gap of almost 50 points.

Our Math CAASPP data indicates that our English Learners are 99.8 points from standard and our ALL student group is 61.6 points from standard. This gap is roughly 38 points.

How does the EL Student Group growth compare to the ALL-Student Group?

N/A due to no CAASPP testing in 2020 or 2021

Identified Areas of Strength:

Overall, our ALL student group and our English Learners are doing better in ELA than in Math. Listening is an area of strength with 76% scoring near or above standard whereas the district average is only 68%. In math an area of strength is communicating reasoning with 61% of our students scoring near or above standard where only 50% of the district students scored near or above standard.

Identified Needs (Areas for Growth):

The gap between the ALL student group and EL group is greater in ELA than in Math. However, our scores indicate a bigger distance from standard in Math and ELA. Math is a greater area of need in particular in concepts and procedures where 68% scored below standard. In ELA the greatest area of need is in writing where 46% of our students scored below standard.

MAP Data Analysis – EL Students

How does the EL Student Group achievement compare to the ALL-Student Group?

Our English Learners are scoring significantly lower than our ALL-student group. In Reading, only 13% of ELs are projected to meet or exceed SBA Performance whereas 36% of the ALL-school group is projected to meet or exceed SBA Performance. In Math it is only 12% who are expected to meet or exceed SBA Performance as opposed to 27% of the ALL-School group.

How does the EL Student Group growth compare to the ALL-Student Group?

MAP Data Analysis – EL Students

The difference in growth is not as dramatic as between the EL student group and the All-student group. In the area of reading, 40% of English Learners met or exceeded the projected RIT/Growth from fall 2021 to fall 2022 whereas 44% of the All-student group met or exceeded the projected RIT/Growth from fall 2021 to fall 2022.

In math, 44% of English Learners met or exceeded the projected RIT/Growth from fall 2021 to fall 2022 whereas 48%% of the All-student group met or exceeded the projected RIT/Growth from fall 2021 to fall 2022.

Identified Areas of Strength:

Our RFEP student group is demonstrating the most growth of all our subgroups in both reading and math. Our ELs are making more progress in math than in reading.

Identified Needs (Areas for Growth):

Our area of need is reading with our English Learners.

CA Dashboard Analysis (Academic Indicator) – EL Students

How does the EL Student Group English Language Arts performance compare to the ALL-Student Group?

Our EL Student Group has a DFS of -31.4 and the All-Student Group has a DFS of -23.5.

How does the EL Student Group Math performance compare to the ALL-Student Group?

The gap is smaller in math, our EL Student group has a DFS of -65 and the All-Student Group has a DFS of -60.8.

Site-Specific Measures

Description of Site-Specific Data Collected for Progress-Monitoring

Fall to Winter MAP, pre and post tests (tutoring).

Identified Areas of Strength:

The conditional growth index is positive, .17 for our ELs in reading. Tutoring focus areas are supporting growth in the classroom.

Identified Needs (Areas for Growth):

Our ELs need extra support in math. Our English Learners are showing growth however we still have 42% in the lowest band in reading and 51% scoring low in math.

Based on qualitative and quantitative data analysis, identified needs, and student groups listed for targeted support, what strategies will be used to meet this goal?	<ul style="list-style-type: none"> • Additional targeted instruction • Professional Development, lesson design, and development of a roadmap
--	--

ELPAC Data Analysis – EL Students

Achievement Trends (ELPAC):

Schoolwide our scholars are performing better in Oral Language than in Reading.
Most of our scholars are at a level 3 or 4 for performance with the exception of 1st grade.

Growth Trends (ELPAC and ELPI):

The percentage of students that made progress in 2022 over 2021 in writing increased at all grade levels except in first and third grade.
Overall, 84% of our scholars maintained or made progress on their ELPI in 2022.
100% of our first graders made progress on their ELPI and 92% of our fifth graders also made progress on their ELPI.

Identified Areas of Strength:

Speaking is a relative strength for all scholars.

Identified Needs (Areas for Growth):

45% of Second graders decreased on their ELPI levels.
The greatest area of need is in the Reading domain.

List Grade Levels and ELPI Levels in Need of Targeted Support (underperforming compared to schoolwide ELPAC or progressing at a lower rate compared to schoolwide ELPI):

Grades 2, 3, and 4 need more targeted support so they make progress on ELPI.
We will target scholars in ELPI level 1. This will prevent them from becoming long-term ELs.

ELPAC Data Analysis – EL Students

CA Dashboard Analysis (English Learner Progress Indicator) – EL Students
ELPI Performance
Status on the English Learner Progress Indicator is "high" with a 59.7% of students making progress.

Site-Specific Measures
Description of Data Collected for Progress-Monitoring
Classroom observations, pre and post tests (tutoring), ELD curriculum assessments
Identified Areas of Strength:
Our reclassification rate is improving, students are active participants in their learning-, and there are a lot of student led discussions based on classroom observations.
Identified Needs (Areas for Growth):
Students with disabilities need supports with developing language acquisition.

Based on qualitative and quantitative data analysis, identified needs, and student groups listed for targeted support, what strategies will be used to meet this goal?	Language proficiency data including ELPAC and CFAs reveal that EL students need to work on their reading, vocabulary development, and writing and the ability to transfer these skills across the curriculum and performance tasks.

CAASPP Data Analysis (Standard Met/Exceeded) – 3rd Grade ELA
Achievement Trends:
Overall, we had only 25.9% of our students score at or above meeting standard. In 2019 we had 40% of our scholars meeting or exceeding the standard.
Identified Areas of Strength:

CAASPP Data Analysis (Standard Met/Exceeded) – 3rd Grade ELA

We are a 90/10 Dual Language Immersion school, and the majority of instruction is in Spanish at the lower grades. One of our teachers in third grade had 45% of her students meeting or exceeding the standard. We will take a closer look this year at what she did last year. The percentage of English instruction is 30% in 3rd grade, 40% in 4th grade, and 50% in grades 5 and 6. More students met or exceeded the standard in grades 4 (37.6%), 5 (49.4%), and 6 (47.5%).

Identified Needs (Areas for Growth):

Our greatest area of need is writing where 47% of our students scored below standard. Our EL students were at 62% below standard.

MAP Data Analysis – Kinder through 3rd Grade Reading

Achievement Trends:

In overall Reading, 43% of our scholars scored average or above.

Growth Trends:

As expected in a 90/10 Dual Immersion Program, our 4th, 5th, and 6th grade scholars are making more growth than our lower grades where the majority of their instruction is in Spanish.

Identified Areas of Strength:

An area of strength is informational text, 47% of our third graders are performing at average or above in this area.

Identified Needs (Areas for Growth):

Our scholars need to improve in the area of literary text. Only 44% of our third graders scored at average or above in this area.

Site-Specific Measures

Description of Data Collected for Progress-Monitoring

STAR, Accelerated Reader, and ISIP Data.

Identified Areas of Strength:

Students are reading significantly more throughout the school year.

Identified Needs (Areas for Growth):

For K-3 students, the greatest area of need is reading comprehension.

Based on qualitative and quantitative data analysis, identified needs, and student groups listed for targeted support, what strategies will be used to meet this goal?	Literacy circles

Goal 1b. Action 1 Provide professional development in GLAD Strategies to develop students' language proficiency to support the writing process. <ul style="list-style-type: none"> • Consultant agreement and materials • Hourly pay for certificated staff 	All students	1,711	Principal

Programs Included in this Plan

Federal Programs		Allocation
X	Title I, Part A: Allocation Purpose: To provide all children significant opportunity to receive a fair, equitable, and high-quality education, and to close educational achievement gaps.	\$47,648
X	Title I, Part A: Carryover	
X	Title I, Part A: Parent and Family Engagement Purpose: Ensure that parents have information they need to make well-informed choices for their children, more effectively share responsibility with their children's schools, and help schools develop effective and successful academic programs (this is a reservation from the total Title I, Part A allocation).	\$1,952
X	Supplemental Concentration (SUPC) Allocation Purpose: To increase and/or improve services for English Learners, Foster Youth, and pupils meeting income requirements to receive a free or reduced-price meal (FRPM)	\$25,391
X	SUPC Carryover	
Total amount of state and federal funds allocated to this school		73,039
Total amount of state funds spent (SUPC)		25,391
Total amount of federal funds spent (Title I)		47,648
Total amount of state and federal funds spent		73,039
Balance		0

School Site Council Membership

The SSC shall be composed of

- 1) The principal, teachers (selected by teachers at the school), other school personnel (selected by other school personnel at the school);
- 2) Parents of pupils attending the school/community members (selected by such parents).
- 3) Parity between the two groups is required.
- 4) Alternate members may be included but they must have been voted in by the peers who they represent on the SSC.

RECOMMENDATIONS AND ASSURANCES

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 05/03/2023.

Attested:

Principal, Sandra Loudermilk on

SSC Chairperson, Rosio Merino on
