### Fontana Flash Facts – Safely Returning to Campus

Fontana Unified students and employees experienced a successful return to full-time, in-person instruction for the 2021-22 school year, supported by the District’s continued commitment to provide safe and engaging learning environments.

The return to in-person learning was supported by robust health and safety protocols across all Fontana Unified campuses. These safety measures aligned with county and state COVID-19 protocols and included temperature and wellness checks, the use of face masks, stay-at-home requirements for those experiencing symptoms of illness, and providing COVID-19 testing and vaccination opportunities for students, employees and the community.

The 2021-22 school year saw more than 95% of Fontana Unified students return for in-person learning. Students were also provided the opportunity to enroll in our two online programs: ACCESS (Actively, Creating, Connections, Ensuring, Student Success) or VLP (Virtual Learning Program). ACCESS is the District’s independent study program that offers live, synchronous instruction in a digital classroom. VLP, which is geared towards self-guided, independent learners, allows students to remain part of their home school and take part in campus activities, and provides students the opportunity to take all or some classes online.
