Re: CIF 2020-21 Participation Census

Due to the challenges caused by the COVID-19 pandemic to education-based athletics, the CIF State Office will not be conducting the annual participation census for the 2020-21 school year.

However, this does not negate California law (Education Code Section 221.9) that requires all public primary, secondary, and charter schools offering competitive interscholastic athletics to report on their school website (or district website if no school site exists) information about boys' and girls' athletic participation by the end of each school year.

Please visit the CIF Participation Census page (<https://www.cifstate.org/coaches-admin/census/index>) for more information.
