

June – 2019

Fontana Adult School, as part of the Fontana Unified School District, empowers students to prepare for success in college, career, and life.

Summer School at Fontana Adult School Offered Opportunities for Hundreds of Students to Learn and Get Closer to Achieving Educational Goals.

Our Own Rita Rashid was offered a position at Amazon. In May, we formed a partnership with Amazon, and thankfully, students like Rita are transitioning to new careers. A bright future awaits for her, and many of our students.

Amazon representatives will be coming soon to talk to our students about job opportunities.

The Work of Our Student - Alejandro Hernandez

Alejandro is a student at Fontana Adult School. Last semester, he was enrolled in Digital Photography and in ESL classes. He also attended film school in Mexico prior to coming to the United States.

Alejandro is an amazing photographer. He loves to take pictures of landscapes, and urban areas. He also enjoys writing fictional stories. The image shown here on the right was entirely created by Alejandro. It is his portrait, but depicted in a movie poster using digital media.

Alejandro takes photos for companies that want to market new products. He has done a large amount of work for Fontana Adult School on a voluntary basis. We are proud to have a student of his capabilities here on our campus.

Important Dates for 2019 – 2020 School Year
