Student Achievements at Fontana Adult School

Adrianna Carrillo is graduating in May of this year with her high school diploma. This last year, she has not only managed to finish her classes to graduate, but has also served on the Student Leadership Team. She has made many contributions to our school.

Recently, Adrianna participated in the Start Smart Program of the California Highway Patrol. Since she aspires to go in law enforcement in the future, she participated in the program to learn about opportunities and network with patrol officers.

Participating in such events, especially networking, is very important for future success. Adrianna got to know many people who will help her navigate in the world of law enforcement as she continues her education. If anyone wants to pursue a career in law enforcement and is attending FAS, it's a good idea to talk to Adrianna to get more information and input. Adrianna thanks her teacher, Ms. Advani, for inspiring her to explore this field. There are many rewarding careers in Law Enforcement, and Adrianna is looking to become a part of something big and wonderful!
