

Publisher: Mr. Vedo.

Michael Vedo begins his seventh year as head of A.B. Miller's Journalism program. When not teaching English and working on the yearbook, Mr. Vedo enjoys listening to punk rock music, spending time with his fiancé, and collecting Nike Air Maxes. He is also an avid believer in all these supernatural and paranormal and enjoys watching reruns of *The X-Files*, *Mindhunter*, *Search Party*, *Gravity Falls*, *Stranger Things*, and *Twin Peaks*.

Editors: Gabe & Elisa.

Gabriel Gutierrez is (finally) a senior at A.B. Miller, hoping that this year's seniors will actually have prom. He plans to graduate and move on to California State San Bernardino. His favorite part of A.B. Miller is the GSA, of which he's currently president of; apart from that, he's also a member of the new ASL club. When not engaging in academic activities, he likes to wind down by watching lets-players on Twitch or YouTube (subscribe to Phoodu's twitch y'all). His hobbies include drawing, writing, and on extremely rare occasions—reading. He prefers Marvel over DC, and his favorite pizza toppings are pineapple with pepperoni. A brave and daring individual, clearly.

Senior and third-year Journalism student, Mazikeen ("Maze") Larson, finds joy in the diversity and individuality that can be readily found at A.B. Miller. With a schedule filled with academics (and now extracurriculars), Maze can often be found procrastinating, studying, or enjoying time with friends. Outside of school, he enjoys bingeing TV series, learning about aviation, listening to and discovering new music, thrifting, and baking. He also has a passion for exploring almost every hobby under the sun, as some of his friends may claim.

Elisa Chavez is a junior at A.B. Miller and loves to bring the community together through journalism. She loves this as much as she loves music, dogs, and visiting cool coffee shops. She is a varsity Cheerleader for both the school's sideline and competitive teams. In her free time, you can find her obsessing over a new book—as reading is her favorite hobby—or watching new Netflix shows. Aside from that, her biggest goals in life are to attend college and travel to Europe.

Josue Avila was born in 2004 in Pomona, California. As a senior, one thing he appreciates about A.B. Miller is the staff and his relationship with his teachers. He was first introduced to the sport he loves when he was four years old, and he has been playing soccer ever since. Being one of his biggest passions, he would like to study to become a sports medicine physician. He would like to attend UCR, as it has been one of his goals since he was a little kid in elementary school.

Krystal Calderon is a senior at A.B. Miller. One aspect she likes about the school is the newly painted murals on the buildings. Krystal is someone who sets goals for herself and does what she can to get to a higher point in her life. One of her goals for her future is to become an entrepreneur and to never worry about being in debt. Having her own money and being able to provide for herself and her family is important to her. One of her hobbies is working out—she has been working out for approximately just over a year and a half. It has changed her mentality; it helps her take her mind off stress-inducing situations.

A smidge over 17 years of age, Sebastian Calzadilla was born in the middle of the Amazonian jungle—in Venezuela, to be exact. As a senior, what excites him the most is to be able to come back and have a great time. Sebastian has always been friendly towards the people around him, even though he is quiet, he has an understanding and great heart for those around him. Sebastian noticed the art behind vehicles and big motors which sparked something inside of him, how every little piece inside a motor works together to create power and move a big piece of metal at high speeds. The activity that Sebastian enjoys the most is listening to music. Discovering new music helps him forget the horrors of the outside world. If you ever see Sebastian around campus do not hesitate in saying "hi," as he wished for all to have a great day.

Ailene Roque is a senior at A.B. Miller and enjoys stopping by the school library to discover new books and diversify the genres she reads. Ailene spends most of her time after-school working on homework, but never fails to make time for Netflix and reading. One of her current favorite authors is Stephen King and has yet to tackle his long list of novels. Though Ailene considers herself humble, she is also widely materialistic, and loves to collect all things she loves and owns a growing collection of Funko Pops, Legos, and books.

A.B. Miller's primary goal is to ensure every student is college and career ready upon graduation. We pride ourselves in providing our students with an excellent academic and extracurricular experience, yet, we understand that providing additional supports will further enhance our students' chances of academic success as young adults. Our community has rallied around us to help provide these additional supports in the form of scholarships. Our supports fundraised and donated over \$25,000! On behalf of our students, I'd like to thank our community for their unconditional support over the years. Your support affords us the ability to provide our students with an exceptional academic experience, close the achievement gap, and provide educational access to all students. Once again, thank you for your on-going support!

Sincerely,

Dr. Dustin Saxton
Principal, A.B. Miller High School

Staff:

One thing 10th grader Briana Lopez enjoys about her school is participating in interesting clubs. Before entering A.B. Miller High School, she had entertained herself with clubs such as dance, music, 3D printing, art, and even, ASB. Clubs served as a means for Briana to interact with others socially. You can say that for her entire life she was a shy extrovert that just wanted to do the best she can despite many school and family issues happening so quickly beyond her years. Some of her academic achievements have been joining her school's Math Field Day team and won second place. Another achievement was participating in honor Choir in the 4th grade. Future plans include passing all of her classes with As and Bs, attending to a four-year college, and planning to work in the film industry as a producer. Her hobbies include singing, acting, dancing, and writing short, dark stories. She also has a passion for gaming and going to the movie theater.

Joseph Alvarez is a sophomore who enjoys the sports programs provided at A.B. Miller High School. He has played baseball for roughly eight years. Besides baseball, Joseph loves to spend his free time playing video games and listening to some of his favorite songs, mainly from the band Coldplay. Joseph has accomplished many things—things such as winning multiple tournaments with his travel ball baseball team and succeeding greatly thus far, in academics. He plans on staying on a steady track with his academic career and hopefully joining the school's baseball team. After school, he loves to watch Netflix or the Angels or Dodgers and while doing so, his pet, Buddy can be found by his side.
