

## Gang Awareness

### San Bernardino Movement Against Street Hoodlums (SMASH)

As part of our mission to partner with the community, to reduce the fear of crime and intimidation by criminal street gang activity, the Fontana School Police Department's ongoing partnership and collaboration with the San Bernardino Movement Against Street Hoodlums (SMASH) enhances the quality of life, and education through awareness, monitoring of activity, and information sharing.

Our sworn police officers receive specialized training on the history of gangs, identifying gang behaviors, symbols, and graffiti. In addition to performing patrol duties, and following up on gang-related incidents, our multifaceted officers provide educational presentations to parents, students, staff, administrators, and community members, along with our faith-based organizations on various gang prevention and intervention topics.

If you would like information on a presentation at your school call our Gang Enforcement Detail, Officer Mory at (909) 356-5000 ext. 29628
