Is there anything else you

I believe that some of the PD meeting times could have been structured more efficiently.

I feel BTSA should be a priority for not only mentors and support providers but also for principals in the future. Perhaps group teachers based on subject and grade level so that they can lesson plan together or share resources.

I really enjoyed the guest speakers for our PD's. There was a wealth of insight in those PD's.

Felecia has helped me to reflect on what I need to best help me progress in my career.

I enjoyed that the PDs had variety.

Just more opportunity to focus on my individual needs as a teacher not a structured all encompassing program.

I would not have had such an amazing experience if it weren't for my mentor. He made this journey very personal.

None

The professional development meetings were really great. The collaboration meetings were not my favorite.

I think different professional development classes would be beneficial.

I did one year of the induction program in Upland and the experience was very different. Upland did not have a mentor.

I would suggest offering professional opportunities at different times. Hours after school can be overwhelming.

It's been a great learning journey! Maybe having the option of different hours for professional development would be helpful.

I was lucky to have 2 support providers because my first provider left toward the end of my second year. I had a backup.

This year has gone by smoothly for me. My mentor guided me through the process. I believe this program is well structured.

I would like to be able to go on observations once per semester. Going to other campuses was very beneficial.

Thank you for the trainings.

no

I loved the various trainings and speakers that this program set up for the induction candidates throughout the year.

I would like to say that I am very thankful for this induction program because it has helped me in many ways.

Very nice induction experience. I'm glad I came to FUSD.

It was fantastic. I wish I could still continue.

Overall, I enjoyed it. For me at times it was bothersome to meet, but like I mentioned it's the way cookies are made.

This was a great experience and I don't think I could have made it without their help.

My experience with my support provider Deanna Bacor was great! She was always there when I needed her.

The Professional Developments were sometimes helpful, but other times were not. I enjoyed Rick Morris' sessions.

I think the sessions after work would be better if they were shorter but have more.

If possible, please let Ryan know just how much he is appreciated; he was a great mentor and I will miss working with him.

My induction coach was extremely helpful during my first couple years of teaching experience. I was very lucky to have her.

Audrey was always available and supportive and provided tremendous leadership over this whole program. I appreciated her.

More meaningful and subject specific presenters.
