What would you like to share regarding your Induction experience? Are there any program modifications that you would prefer to observe an experience teacher who teaches same subject & same grade level. For example

... I would like to suggest, which did not pertain to me, but to my co-teacher. For new-hires that are beginning teachers, it would be great to have had insight from a veteran teacher. Sharing our experiences for our population of students was the greatest

, I was able to observe a general education math teacher while I am teaching special education Math. I t

ers that start mid-year, I think the district should offer some sort of support for that teacher. Not sure if t

think it would be more beneficial to observe a special education teacher who teaches the same content &

this support would be by BTSA staff, but I think there is a need to support new teachers before they star

t BTSa. My co-teacher definitely needed the support and aside from the TOA's for English, I was the only

/ one offering her support in areas like classroom management and engagement.
