HIGH SCHOOL

HS Distance Learning Schedule

- **Schedule:** Students will have access to 3 or 4 class periods per day (depending on grad plan).
- **Daily Live Interaction:** Daily live interaction with students is required each day within each period. Teachers may assign independent activities during these 80-minute block times and should remain available for students during this time frame.
- **Wednesday Asynchronous Time:** Asynchronous work will need to equate to 240 minutes per day, not per subject (keep in mind students have 4 classes). It is recommended that PLCs work together to determine how much and what type of work should be assigned.
- **Wednesday Wellness and Attendance Check-in:** Students check-in with each period for a 15-minute attendance & wellness check. Students should complete asynchronous work.
