

RISE Acknowledgement System

Alder Middle School (AMS) is committed to providing a learning environment that promotes academic success, creates a college going culture, and prepares our students from all backgrounds to become productive and responsible members of our community. In an effort to create this environment, AMS is implementing the Positive Behavioral Interventions and Support (PBIS) program; which is a proactive approach to establishing the supports needed for all students at AMS to achieve social, emotional, and academic success. Through our PBIS program, we are aiming to increase positive behavior within our student body that will translate into academic excellence.

The program's premise is very simple, students earn points by exhibiting positive behavior in four categories:

Responsibility, **I**ntegrity, **S**afety, and **E**xcellence (**RISE**)
