**September: Hispanic
History Month**

This month honors the cultures and contributions of both Hispanic and Latinx Americans, celebrating heritage rooted in all Latin American countries.

This month also celebrates the independence days of several Latin countries, including Costa Rica, El Salvador, Guatemala, Honduras, and Nicaragua on September 15th, Mexico on September 16th, and Chile on the 18th.

We interview individuals on how they think Hispanic Heritage Month is important to them and how culture affects our day-to-day life.

“Hispanic Heritage is not important to me but as well to the community because I feel like it gives a lot of students a sense of identity, like cultural identity... it’s a critical time to take advantage and try to promote just the beauty of our culture. Give the students the opportunity to feel proud.”

“Out of all. Yes. Culture affects everything, right? From food to language, to religious beliefs, the traditions, so everything I do is based on how I grew up is why yeah with my traditions and beliefs.”

Girls' tennis wins their first league match this week

Volleyball:

On the last day of summer, our Kaiser cat volleyball team came home with pride after they had their away game against Fontana High School winning 3-1, sweeping FoHi for the second time this season. With playoffs on the line, pressure and tension grew as the game went on, our girls used their skills to their greatest extent to bring home a win. Samantha Enciso, #22, describes how the game went saying, "We started off strong the first set, comes the second set FoHi cleaned up their mistakes and won that set but ultimately, we knew what was on the line, meaning playoffs, and we stepped it up 3rd and 4th set and won the last set 27-25."

One of our star players of the night? Paige Neuenswander, player #7. With the pressure of winning on their minds, her teammates said they felt nervous and tense. Paige, however, feels otherwise. "As long as I get to do what I love, I'm happy. So, while playing, emotionally, I'm always happy and excited for the next play." With her happiness being able to play the sport she loves trumping most of her jitters, Paige brought her A-game on the court. She says, "I feel like tonight I played well. I've been working on trying to move the ball around and I think for the most part I accomplished that."

As of yesterday, our cats ranked #4 in division 7 and came 2nd in their league. With playoffs drawing near, students and faculty are all anxious to see how well our cats will do. Paige says, "For playoffs I'm somewhat nervous, but mostly confident. I think our teams has great potential and I'm really excited to see how the rest of the season unfolds." We believe in you, ladies!
