

Native American/Indigenous Peoples Heritage Month

November 2022

Fontana Unified School District

Enjoy - Educate - Empower

The Global Studies Dept. in conjunction with FUSD provides sites, staff, students and their families the opportunity to explore the contributions, opinions, stories, and daily lives of people from diverse backgrounds throughout our nation's history **through various projects, performances, lessons, and/or activities that highlight cultures reflective of our greater community.**

Students from every level were encouraged to participate.

In November, students submitted work to honor Native Americans/Indigenous Peoples.

Their work was displayed at the Fontana Senior Center.

November allowed for us as a collective community to spread awareness about tribes and to educate people about the various challenges faced by the Native Americans in the past and today. Throughout the month, we committed to support the remaining Native American tribes and let our students and greater community know about their sacrifices.
