

The district has determined that the following individuals, officials, or organizations may receive "student directory" information if requested: school personnel with legitimate educational interests, schools of intended enrollment, federal and state educational administrators, those who provide financial or student aid, employers, prospective employers, representatives of organized parent groups, and military representatives.

If you do not wish to give permission, then check the following boxes:

- I do NOT wish to have any student directory information released to any individual or organization.
- I do NOT wish to release any student directory information to those that I check below:
 - PTA
 - Health Department
 - Elected Officials
 - United States Armed Forces (20 USC 7908)
 - Universities or Other Institutions of Higher Education

4. Photos/Videos

The Fontana Unified School District may photograph or video-record your child for district-related educational purposes. For example, photographs may be needed for student identification badges, school yearbooks, and/or district brochures. As another example, video-recordings of students engaged in classroom activities may be shown to teachers learning a new instructional strategy.

If you do not give consent, then check one or both of the following boxes:

- I do NOT wish to have my child's photograph and/or any video of my child posted to any school or district website and/or social media platform.
- I do NOT wish to have my child's picture appear in any district publication, including the school newspaper, the school yearbook, and district informational materials.

LARK

Legal, Appropriate, Responsible, Kind

The Fontana Unified School District (District) supports instruction through the use of technology to provide students with access to people and material from all over the world. The District believes that information and interaction promotes educational excellence that is consistent with the goals of the District. To this end, the Board of Education encourages the responsible use of computer, telephone, and other electronic systems and resources (Information Systems) including the Internet, in support of the mission and goals of the District and its schools. The District complies with federal and state laws including, but not limited to, the Children's Internet Protection Act (CIPA), Neighborhood Children's Internet Protection Act (NCIPA), and Children's Online Privacy Protection Act (COPPA).

The District expects all students to use Information Systems, including the Internet, responsibly in order to avoid potential problems and liability. Efforts are taken to protect students from inappropriate materials, but it is impossible to completely protect students from material that is not consistent with District goals. The District may place reasonable restrictions on the sites, material, and/or information that students may access through the system.

The use of District Information Systems is a privilege, not a right. This privilege may be withdrawn if it is not used responsibly. Each student who is authorized to use District Information Systems and his/her parent/guardian shall sign this Acceptable Use Agreement (AUA) on an annual basis as an indication that they have read and understand the agreement.

Rights and Responsibilities

It is the policy of the District to maintain an environment that promotes ethical and responsible conduct of Information Systems activities by students. Accordingly, the District recognizes its legal and ethical obligation to protect the well-being of students and employees in its charge. To this end, the District retains the following rights and recognizes the following obligations:

1. To monitor usage and log network activity to determine, from time to time, whether specific uses of Information Systems are consistent with Board Policy 4040 and this AUA. Monitoring consists of the following:
 - a. Real-time monitoring of Internet, web, e-mail, and network activity and/or maintaining a log for later review.
 - b. Inbound and outbound District electronic mail for viruses and/or offensive material.
2. To provide guidelines and make reasonable efforts to train students in acceptable use policies and practices.
3. To remove user access to Information Systems for violation of District policy.
4. To prosecute criminal violators to the fullest extent of the law.

LARK provides general principles and guidelines that students are expected to follow:

Legal: Respect copyright laws by copying text, pictures, music, and videos only with permission, and by citing where the materials were found. Permission must be obtained before taking pictures or videos of others. Illegally copied or downloaded software, files, pictures, music, videos, or games may not be used on any District computer, nor may the Information Systems including the Internet be used for any illegal purpose.

Appropriate: District Information Systems are to be used for educational purposes, and only appropriate words and images may be used and viewed. If inappropriate materials are viewed or received, it is the responsibility of the recipient to delete them. The guidelines set forth in this AUA should be followed at all times.

Responsible: Diligent care should be taken with all hardware, systems settings (including shared computer screensavers or system files), and software, so as to prevent damage, changing, or misuse, whether intentional or not. Personal information and passwords must be kept private.

Kind: Using District Information Systems including the Internet does not change our obligations to be kind to one another. Do not use the computer or Internet to tread on the rights or feelings of others when communicating online. Be polite and kind when using online communications, and tell an adult if you observe misuse of online communication that might be harmful to you or to others.
