FIVE FUSD HIGH SCHOOLS NAMED AMONG STATE'S BEST IN U.S. NEWS & WORLD REPORT RANKINGS

FONTANA, CA – Fontana Unified School District's five comprehensive high schools – A.B. Miller, Fontana, Jurupa Hills, Kaiser, and Summit – rank in the best high schools in California, according to an analysis by U.S. News and World Report.

To come up with the rankings the news magazine evaluated government and private data for more than 29,070 public high schools across the country, according to its website. Schools were ranked on how each served all of their students, using performance on the math and reading parts of state proficiency tests as the benchmarks, participation and performance on Advanced Placement and International Baccalaureate exams, and the degree to which schools prepare students for college-level work.

Ranked schools are given a badge status of gold, silver or bronze depending upon the strength of their national ranking. Fontana (340 in the State, 1600 nationally) and Summit (453 in the State, 2073 nationally) were given silver medal ranking; A.B. Miller, Kaiser and Jurupa were awarded bronze medal status.

"I am proud of the commitment and dedication of our students, teachers, administrators and community that this ranking represents," said Superintendent Dr. Leslie Boozer. "It's just another indication of how far our schools have come and how they continue to raise standards and expectations for all our students."

Board President BarBara Chavez agrees. "This is great news for our high schools and the community. It really shows we are on the right track."
