Kaiser High School Incident

Commercial grade firework set off in the campus quad.

Fontana, California - Kaiser High School was placed on a brief lockdown after a commercial grade firework was set off in the campus quad at about 11:13 a.m. today in what appears to be a senior prank gone wrong. Students, teachers and staff remained secured in their classrooms as law enforcement officials completed an investigation. The lockdown was lifted at 1:25 p.m. after authorities finished a sweep of the campus and determined the area to be free of additional fireworks. Students were released by their regular dismissal time of 2:30 p.m. Four students were treated for minor burns at the scene and two were treated at the hospital for minor injuries. They have since been released to their parents. Police have arrested three students in connection with the incident. We take student safety very seriously and want to assure parents and the public that we are taking every precaution to maintain campus safety.

Fontana Unified School District

Fontana Unified School District is a community united to ensure that every student is prepared for success in college, career, and life.
