## **Woman Arrested for Inappropriately Contacting a Student**

Fontana Unified School District

### **Fontana, California:**

On Tuesday, November 28, 2017, at 7:00 a.m., a Fontana Middle School student was walking to school near the Metrolink station in Fontana when an unknown woman allegedly inappropriately came into contact with him. When the student arrived at school, he immediately reported the incident to school administrators. Fontana School Police Department began an investigation and searched the area where the incident occurred. During the area search, school police officers apprehended a woman and positively identified her as the perpetrator. School police officers transported the woman to an area hospital for mental health evaluation and criminal charges will be filed with the District Attorney's Office upon her release from the hospital.

Fontana school police officers determined that this was an isolated incident and the woman did not pose an additional threat to students or staff at Fontana Middle School. The school site remained opened without disruption of normal school activities.
