### **Fontana, California:**

On Wednesday, February 21, 2018, at 10:35 pm, the Fontana School Police Department became aware of a nationwide social media post regarding a threat of a school shooting with the initials "SHS." We contacted the Show Low Police Department and they determined the threat not to be credible.

During the early morning hours of Thursday, February 22, 2018, the Fontana School Police investigation revealed the social media post that originated out of the State of Ohio had no reference to Summit High School (SHS) in Fontana.

At no time were the students, staff and school administration in any danger.

Summit High School has been deemed safe and all regularly scheduled activities will continue. Out of an abundance of caution, we will continue to maintain a police presence on and around the school campus.
