Ms. Garcia also congratulated the Academic Decathlon students, thanked staff for providing the Saturday School program, thanked the two school principals for their presentations at the meeting, shared that she had attended the celebration of 100 Best Communities and was looking forward to attending West Side Story at Kaiser High School. She also noted that she had attended an educational summit along with several staff members and that no matter how often it was heard, the budget information coming from the State was daunting; that critical services could not be funded with what was coming from the state and she was committed forever to find resources.

Ms. Green commented on visits she had made to Fontana Middle and South Tamarind Elementary schools, her plans to see the show at Kaiser High School, and asked the Superintendent to provide a summary of the parcel tax committee meeting. Superintendent Olsen-Binks noted that any time put in on the parcel tax committee by her or employees had to be on their own time, and that the initial meeting had been to discuss strategies and determine what people were needed within the committee. Ms. Green shared that she had some questions concerning CLAD (Cross-Cultural Language and Academic Development) certification; Ms. Olsen-Binks noted that she would cover those in her comments portion of the meeting. Ms. Green closed by saying her prayers were going out to the community for a friend who had passed away.

Mr. Hawthorn had no comments.

Ms. Chavez thanked staff and students of Juniper Elementary School for the displays on the bulletin boards in the meeting room, and asked if it would be possible to have representatives of the apprenticeship program go into classrooms to provide their information as at career days kids didn't really stop and listen to what the representatives there had to say. Superintendent Olsen-Binks shared that she had the video of the presentation and that it would be provided to schools. Ms. Chavez then noted she hoped everyone would get involved in the Relay For Life event, and that she had received calls from a neighboring school district asking for donations, and that if other districts were requesting donations from the community then we needed to do so as well. She shared that we had no power to bring in the money, that we were waiting like everyone else; every job to her was important and it was not for lack of caring but lack of funds causing employee job position cuts, everyone had to work together.

Superintendent Olsen-Binks provided information on the accreditation of the District's Beginning Teacher Support and Assessment (BTSA) program, commented on the District's partnership with the Fontana Chamber of Commerce, and, along with Mr. Alvarez, addressed questions regarding counselor layoffs and credential issues including CLAD certification.

**BACKGROUND:**

Nonpublic, Nonsectarian Schools are privately operated publicly funded schools that specialize in providing educational services for students with needs so exceptional that they cannot be met in a public school setting. Many of these students have been hospitalized or are receiving treatment for mental health illnesses. The Special Education Local Plan Area (SELPA) for Fontana Unified School District regularly enters into agreements with nonpublic, nonsectarian schools/agencies to provide services for students beyond those which the district can accommodate. On 08/18/10 the Board of Education ratified contracts with Advanced Education Services Hillview School, Altus Academy, Universal Health Services, Inc. (name change to Academy Business Services) nonpublic nonsectarian schools/agencies; however, due to an increase of students placed at each of these sites, per their Individualized Education Program (IEP), it is necessary to increase the original amount.

**BACKGROUND:**

The California Department of Education (CDE) is accepting applications from local educational agencies (LEAs) for the SB 70 Middle Grades Career Technical Education and Career Pathways grant program. The program aims to engage all eighth grade students, help eighth grade students transition well to high school, and increase California's graduation rate.

**FISCAL IMPLICATION:**

This one-time funding opportunity offers eligible LEAs grants ranging from \$100,000 to \$150,000.

**BACKGROUND:**

On March 8, the Fontana Board of Education voted to take action to sweep the remaining Tier III Adult Education funds, suspend the Fontana Adult School and adopt Resolution Nos. 11-36 and 11-29 (\$1,521,054). CalWorks and Federal WIA II funds, in the amount of \$527,756, are categorical dollars that are ineligible to be swept in the Tier III program.

The categorical dollars for CalWorks 2008/10 in the amount of \$60,381 have already been received. Also, the 2010/11 dollars in the amount of \$246,412 will be received by July 1, 2011. These funds must be spent on Cal Works eligible adults in Adult Education training programs.

Fontana's federal WIA II grant payment points earned from last year were 1,256. Using the current estimated funding level of \$224 per payment point, potentially \$281,344 will be allocated to Fontana Adult School in 2011/12. These funds are restricted only for GED, ESL and High School Diploma adult students. Concurrent high school students are not eligible for these funds. Continuing to operate Fontana Adult School will position the District for future Federal dollars. WIA II is being reauthorized in 2012/13. It will be a competitive process where current operating Adult Schools will have an advantage to receive the funding.

All programs that have qualified for Tier III sweeping have a timeline where they must be reinstated.

The program can be administered with limited staffing paid for out of categorical dollars.

**FISCAL IMPLICATION**

There is no fiscal implication to the District's General Fund.

**RECOMMENDATION:**

The Superintendent recommends that the Board of Education approve the usage of the CalWorks and Federal Work Enforcement Act dollars to provide a limited Adult Education program.

**ITEM TITLE:** Accept Changes to  
Administrative Regulation 1330

**BOARD OF EDUCATION MEETING:** 05/04/11  
Discussion/Action Session

---

**BACKGROUND:**

The District allows the use of school facilities by non-school groups for a variety of public and private, profit and non-profit purposes as provided in Board Policy (BP) 1330, Use of School Facilities. Several years ago, the District determined the "fair market" cost for school facilities use with costs broken down into typically requested areas such as the multi-purpose room, classrooms, field areas, parking lot, etc. Costs are understood to represent the value to rent similar facilities in the private sector and the surrounding school districts. Costs are based on area used, supplies, utilities, custodial and personnel services including the time duration directly related to the organization's use of the facilities. In keeping with the current value of direct costs and confirmed market rental values, Administrative Regulation (AR) 1330, Use of School Facilities, has been updated and is being provided for review by the Board of Education. The procedures in the accompanying Administrative Regulation are used to carry out the Board Policy. The Board Policy has not been revised and is being provided as information. The current Exhibit to the Board Policy has been incorporated into the Administrative Regulation.

**FISCAL IMPLICATION:**

None

**RECOMMENDATION:**

The Superintendent recommends that the Board of Education accept the changes to Administrative Regulation 1330, Use of School Facilities.

---

**BACKGROUND:**

On July 6, 2005, the Board of Education approved an agreement with Lundgren Management Corporation to provide Construction Management services for the modernization of Cypress Elementary, Live Oak, Elementary, Maple Elementary, Oleander Elementary, Virginia Primrose Elementary and Fontana Middle School. On September 7, 2005, the Board of Education approved KPI Architects, Inc. as the architect on the project. During the renovation at Fontana Middle School, the water supply and sewer lines on the south side of the auditorium were uncovered and revealed that the lines were only 2" below concrete and less than 2" apart which are not in compliance with code. In order to be brought to code, a change order in the amount of \$44,144.41 is required to rectify this problem including renovation costs for an additional restroom.

**FISCAL IMPLICATION:**

\$44,144.41 - Fund 21 (GOB), Fund 48 (CFD COPs)- restricted

RESOLUTION NO. 11-62

Support for Senate Constitutional Amendment 5 (Simitian)

**WHEREAS**, Senate Constitutional Amendment 5 (Simitian), which reduces the two-thirds vote requirement on parcel taxes, will be acted on by the California State Legislature; and

**WHEREAS**, reductions in the state General Fund revenue have led to reduced school funding; and

**WHEREAS**, state General Fund revenue is unstable and erratic, which results in unpredictable funding levels for school districts and county offices of education; and

**WHEREAS**, parcel tax revenue can provide a stable, predictable source of school revenue; and

**WHEREAS**, passage of SCA 5 will empower local voters to invest in their schools based on the needs of their communities by requiring a tough, but fair 55 percent vote to pass local parcel taxes, while protecting taxpayers and homeowners with accountability provisions that will ensure funds generated from parcel taxes are not wasted or mismanaged; and

**WHEREAS**, revenue from parcel taxes can be spent according to local priorities and are not subject to state control; and

**WHEREAS**, the two-thirds vote requirement results in minority rule by requiring two "yes" votes to cancel out one "no" vote; and

**WHEREAS**, passage of SCA 5 will allow local voters to decide to make investments in their neighborhood schools in addition to state funding;

**NOW, THEREFORE, BE IT RESOLVED** that the Fontana Unified School District Board of Education strongly urges the California State Legislature to support and adopt SCA 5.
