Ms. Chavez commented on the amazing prizes given away by the P.A.S.S. program sponsors, her visit to the talent show at Summit High School, her attendance at the Miller High School barbeque, an educational summit hosted by Congressman Joe Baca, and asked everyone to stick together; things were moving forward and that with the May revise hopefully some more money would be coming in.

Mrs. Olsen-Binks noted that the yearbooks being provided to her office would be circulated among the Board members and that graduation time was incredibly fun for all. She noted that the key things to look for in budgets were deferrals, cash flow and revenue, and that the current budget basically addressed cash flow issues, not revenue. She verbally addressed the list of questions that Ms. Green had provided.

ITEM TITLE: Approve Plan

BOARD OF EDUCATION MEETING: 06/01/11
Discussion/Action Session,

BACKGROUND:

In August 2010, Date Elementary School entered its fourth year of Title I Program Improvement (PI) status. Under the *No Child Left Behind Act of 2001 (NCLB Section 1111(b)(2))*, the school is required to prepare a plan and make necessary arrangements to implement this Alternative Governance Plan (AGP) for the 2011-2012 school year.

According to the law, restructuring involves a major reorganization of the school and includes fundamental reforms that affect the school's governance, staffing, and educational operations, programs and practice. Three avenues leading to the reorganization of Year Four PI schools are available to school districts in California. Districts may:

1. Enter into contracts with entities, such as private management companies, to operate the schools as public schools;
2. Re-open the school as public charter school; or
3. Implement fundamental reforms, such as significant changes in the school's staffing and governance that promise to improve students' academic achievement and enable the school to meet the Adequate Yearly Progress (AYP) goals, or targets as designated by law.

Date Elementary School has elected the third restructuring option in accordance to the *No Child Left Behind Act of 2001 (NCLB Section 1111(b) (2) (IV) (VI))*. As a result, the school's management team, staff, parents, and community members with the support of district office staff, have accepted the task of fashioning a restructuring plan to be implemented in the 2011-2012 school year. This Alternative Governance Plan, describes in detail the fundamental reforms the team recommends as well as the self-study review process. Members of the public that wish to review the Alternative Governance Plan may contact the Elementary Instruction Department for a copy.

FISCAL IMPLICATION:

None

RECOMMENDATION:

The Superintendent recommends that the Board of Education approve the Alternative Governance Plan for Date Elementary School for the 2011-2012 school year.

Interdistrict Attendance

Although students generally must attend school in the district where their parents/guardians reside, the Governing Board recognizes justifiable reasons for occasional interdistrict transfers. Upon request, the Board may accept students from another district and may also allow students who live within the district to attend out-of-district schools. Interdistrict attendance may be approved for reasons such as the following:

1. When child care needs of the student are met by a parent/guardian, relative or sitter not in the district of residency. (Education Code 46601.5)
2. When special mental or physical health needs of the student are certified by a physician, school psychologist or other appropriate school personnel.
3. To complete a school year when parents/guardians have moved out of the district during that year.
4. To let seniors attend the same school they attended as juniors, even if their families moved out of the district during the junior year.
5. When there is valid interest in a particular educational program not offered in the district of residency.
6. To allow students to remain with a graduating class in either 5th, 6th, 8th, or 12th grade provided there is a promotions/graduation for that year at the school of attendance.

Interdistrict transfers may be granted on a space available basis only. Interdistrict transfers may occur on a student-for-student basis when equal numbers of students transfer between two districts.

The district of origin shall issue individual interdistrict attendance permits, valid for a specific time period (one to five years), verifying district approval for students transferring out of the district. These permits become valid when signed by an authorized representative of the district of future attendance. The district of attendance shall stipulate how and why, and under what conditions the permit may be revoked. The Superintendent or designee is responsible for signing all permits on behalf of the district.

If an interdistrict attendance transfer is granted under Education Code section 46600, students will not need to reapply for an interdistrict transfer, and the student shall be allowed to continue to attend the school in which he or she is enrolled, except as specified below.

If the student's district of residence and the district of attendance have entered into an interdistrict agreement, the agreement may contain standards for reapplication that may not allow continued attendance. The agreement may also stipulate terms and conditions under which the interdistrict permit may be revoked.

Neither a district of residence nor the district of attendance may rescind existing transfer permits for pupils entering grade 11 or 12 in the following school year.

Transportation shall not be provided for students attending interdistrict attendance agreement. Transportation for special education may be provided through the SELPA agreements.

A request for an interdistrict transfer into Fontana Unified School District can be initiated at the office of Child Welfare and Attendance. Decisions regarding interdistrict transfers shall be the responsibility of the Superintendent or designee.

Once a student is granted an interdistrict transfer and assigned to a school, that school becomes their school of residence. They are eligible to continue in the attendance stream of that school through middle and high school as long as their interdistrict transfer is in effect or until it is terminated.

Continued interdistrict attendance from outside the district is conditional upon the students' conduct and school work demonstrating compliance with the district's discipline, attendance, and academic standards and the ability to benefit from the district's educational program.

The district shall not knowingly accept students who reside in another district without an interdistrict attendance permit. However, such permits will not be required for students enrolling in ROC or ROP, or for students who have been expelled from other districts.

(cf. 5111.1 - District Residency)

The parent/guardian of a student who is denied a transfer shall be notified in writing, given specific reasons for the denial, and informed of the appeal process which might be pursued.

The Child Welfare and Attendance Office shall have available the following forms:

1. Request form on which parent/guardian gives all information needed for a decision on whether or not to grant a permit.
2. Interdistrict attendance permit which specifies time period and terms of the approval.
3. Denial form which incorporates a choice of reasons for denial and information on the entire appeal process.

BOARD OF EDUCATION MEETING: 06/01/11
Discussion/Action Session

BACKGROUND:

On October 8, 2010, past Governor Schwarzenegger used his "blue pencil" veto and eliminated \$133 million from the state mental health budget. In so doing, the past Governor stated that the mandate for the provision of AB2726 Mental Health Services was suspended. The impact of this action within San Bernardino County was estimated at a revenue loss of \$11,000,000.00 out of the approximately \$13,000,000.00 budgeted for services provided to students with disabilities who require mental health residential or outpatient services.

In a letter to San Bernardino County SELPAs dated November 16, 2010, Department of Behavioral Health gave notice of their intention to terminate the interagency agreement affecting the provision of AB2726 Mental Health services. The letter indicated that services would be terminated on December 16, 2010.

In an effort to continue to support special education students with Mental Health issues, the District has been in communication with Dr. Ron Powell, SELPA Director, Desert/Mountain SELPA. Dr. Powell provided the District with a proposal that would fill the gap in AB2726 services by providing weekly school-based outpatient mental health services. This proposal would 1. Ensure the continuation of existing services on the child's IEP; 2. Minimize the corresponding due process risks; 3. Protect LEAs from the unnecessary duplication of infrastructure necessary to provide mental health services in the event that the state reverses the current budgetary shortfall; 4. Provide time for LEAs to develop a long-term solution that will meet the mental health needs of children with disabilities if AB2726 is ultimately eliminated.

FISCAL IMPLICATION:

Rate for Outpatient Mental Health Services: Quarterly \$1,375, Annually \$5,500/student

Residential Monitoring Services: Quarterly \$1,375, Annually \$5,500/student

One-Time Service Outpatient Assessment: \$625/student

One Time Service Residential Assessment: \$1,250/per student

Total of \$80,000 to be paid out of ARRA Special Education Funds

RECOMMENDATION:

The Superintendent recommends that the Board of Education approve a contract for the 2010/11 fiscal year with Desert/Mountain SELPA Children's Center in a total amount of \$80,000 for Mental Health Services provided without disruption in current IEP's for District students and authorize the Associate Superintendent of Business Services to sign the necessary documents.

ITEM TITLE: Approve Transportation Fee
Schedule

BOARD OF EDUCATION MEETING: 06/01/11
Discussion/Action Session

BACKGROUND:

Education Code Section 39807.5 states the Board of Education of any school district that provides transportation of pupils to and from school may require parents and guardians to pay a portion of the transportation costs.

State law requires district governing boards to exempt certain pupils from any transportation fee, specifically:

- 1) Individuals with exceptional needs whose individualized education program requires the local educational agency to provide transportation services, and
- 2) Pupils whose parents or guardians are indigent. In the absence of a statutory definition of indigent and to promote uniformity, the State Board of Education recommends that governing boards use the "free meal standard" to define these pupils. Any pupils eligible (Direct Certification) to receive free priced meals (but not necessarily participating) in the National School Lunch or Breakfast programs would be exempt from any transportation fee charges.

The State Superintendent of Public Instruction, in cooperation with the State Department of Transportation, is required to determine the maximum amount of fees that parents or guardians may be charged for pupil transportation. The maximum rates apply to pupil transportation for regular day students. The maximum rate allowable is \$4.25 per passenger trip or \$8.50 for a daily round trip. Education Code 39809.5 prohibits the sum of state aid received and the parent fees collected in a fiscal year to exceed the actual operating costs of pupil transportation in the same fiscal year.

A fee schedule has been prepared by the District's Transportation Department for the 2011/12 school year. One full fare round trip is \$120.00 per student annually up to a maximum \$360.00 for three or more students. Full-fare one-way is \$60.00 per student annually up to a maximum of \$180.00 for three or more students. Elementary students that are under the walking distance required for bus transportation may elect bus transportation at a reduced rate of 62.5%. A book of 20 single ride tickets is also available at a cost of \$20.00

The rate of \$120.00 for 180 school days calculates to \$0.67 for a daily round trip which is under the maximum allowable by the State of \$8.50.

FISCAL IMPLICATION:

Transportation fees reduce the amount of encroachment on the Unrestricted General Fund by the Transportation Department by approximately \$15,000.00 annually.

RECOMMENDATION:

The Superintendent recommends that the Board of Education approve the transportation fee schedule for the 2011/12 school year.

BOARD OF EDUCATION MEETING: 06/01/11
Discussion/Action Session

BACKGROUND:

The Board of Education has been made aware of the settlement between the State of California and the American Civil Liberties Union (ACLU) student fee lawsuit alleging that local school districts illegally charged fees for educational activities and materials in violation of the right to a free and equal public education in California that has resulted in a no "pay to play" rule.

At the Board meeting on May 18, action was taken to allow students to fundraise to support the costs of school clubs, activities and sports. This decision was rendered due to the budget crisis in the state of California and the reduction of funds for those activities. No student will be required to fundraise in order to participate; in the event fundraising activities fall short of the necessary amount, the District will be responsible for the additional cost.

Due to the Board action taken on March 2, 2011 to reduce the athletics budgets, this item is being brought forward to set aside the dollars necessary to fund any outstanding financial responsibility a school site may incur.

FISCAL IMPLICATION:

Unknown at this time

RECOMMENDATION:

The Superintendent recommends that the Board of Education approve the District assuming financial responsibility for filling the funding gap between school club, activity or sports programs should fundraising attempts fall short of the amount required for said programs.

Also, as the start date for all schools is not until August 8, the first Board meeting scheduled for that month will not be necessary.

FISCAL IMPLICATION:
