Ms. Green asked about the process for calling a special meeting and asked how the March 8, 2011 special Board meeting had been called. Superintendent Olsen-Binks replied that the meeting had been called by President Chavez, who brought the items for that agenda to Cabinet, and there had been some miscommunication regarding the item on athletic programs. Ms. Green asked how items could be brought back after having been voted on; Mr. Sawyer provided that items could be brought back for reconsideration on a later agenda. Ms. Green stated that she had just wanted to clarify because she had heard an assumption that the March 8 agenda had been devised by the Superintendent. Ms. Garcia noted that regardless of who calls for a Board meeting it was the Superintendent's role to devise the agenda and bring it forward. Ms. Green added that she believed when there were incorrect assumptions it was their job to correct the misperceptions. She then expressed her concerns about the safety of maintenance employees working nights. Mrs. Olsen-Binks provided that those employees would be monitored by phones, the need to restore positions was recognized and she was working on recommendations to bring to the Board but had to wait on the budget; it was necessary to proceed with caution as there might be mid-year cuts. Ms. Green closed by wishing everyone a safe Fourth of July and a good night.

Mr. Hawthorn spoke regarding the last few rounds of layoffs and the overriding concern that some very strong, effective teachers had been laid off and weaker teachers kept because of seniority; other states were working to change that. He asked for consensus of the Board to bring a resolution forward and provide it to State legislators to change that law.

Mrs. Binks shared her Fourth of July plans and good night wishes.

Ms. Garcia commented on still getting calls and emails from people who mistakenly thought that Measure E, the parcel tax initiative, had passed, but unfortunately it hadn't and the District would not be receiving that \$4 million, which would have freed up District funds. She thanked everyone who had supported the initiative and the Steelworkers for allowing use of their union hall for committee meetings. Ms. Garcia then noted the State budget was due to be signed the next day and she was not hopeful that the money would really be there, but her focus was to bring revenue to the District to support programs for kids. She expressed the need to keep employees, noted that she had been working diligently and given the Superintendent a list of ideas, many of which had been brought to fruition, and that she was proud of what she had done.

Ms. Chavez expressed sadness that Measure E had not passed and shared that as a union supporter she did not agree with Mr. Hawthorn's resolution proposal, but with seeing new teachers being laid off she would really have to think and debate in her heart the issue of seniority. She commented that she had seen the culture of School Police change and they needed to be driving cars they could be proud of; hopefully the partnership with Inland Body and Paint was a step of good things going forward along with the library positions. She wished the community a wonderful Fourth of July, and asked people to be careful with fireworks.

Mrs. Binks noted that she would be remiss if she did not mention the recent swearing in ceremony for the new Chief of Police Services. Ms. Garcia and Ms. Chavez agreed it had been an impressive event.

Superintendent Olsen-Binks commented on a meeting she had held with the Library Specialists where she explained why they had to go through the layoff process before the program could be brought back. She provided an explanation of restricted and unrestricted fund use, and shared that over the Spring break had worked on ways to rally money; the benefit of having to make sacrifices was that there were carryover funds for the next school year, which provided the opportunity for the Board to vote on the CSST and library positions that evening.

Superintendent  
Comments

Ms. Olsen-Binks stated that the restoration of positions was a very slow process and had to be taken one year at a time, and that the reason they had been able to create positions that evening was because they had been moved into a categorical dollars program, which gave the District one year to plan, buy time, and provide services to students while looking to keep the program the next year. Not all jobs could move into those positions; they had to be compliant with State and Federal funds. Mrs. Olsen-Binks encouraged those with questions to speak with her or Mr. Alvarez.

**BACKGROUND:**

The *No Child Left Behind (NCLB) Act of 2001 (Section 1116(e)(1))* states that school districts must provide Supplemental Educational Services (SES) to eligible students of any Title I school that is in Program Improvement for two or more years. It also establishes joint funding for choice-related transportation and SES [Section 1116(b)(10)]. An LEA is mandated to set-aside 20% of its Title I, Part A allocation for the above services. This mandated set-aside can only be used for contracted services with State Board of Education (SBE) approved providers. The Fontana Unified School District has provided SES services by entering into annual contracts with providers that are selected by parents and approved by the SBE. The attached list constitutes State approved service providers. The per pupil amount for (SES) is not to exceed \$1,360.23 or the actual per pupil allocation to be determined by the California Department of Education (CDE).

**FISCAL IMPLICATION:**

Not to exceed \$2,000,000 or 20% of the District's actual Title I entitlement, General Restricted Title I funds.

**RECOMMENDATION:**

The Superintendent recommends that the Board of Education approve entering into contracts effective July 14, 2011 to June 30, 2012 with State approved providers for Supplemental Educational Services to eligible students of Fontana Unified School District Title I Program Improvement schools at a per pupil amount not to exceed \$1,360.23 or allocation determined by California Department of Education; total amount not to exceed \$2,000,000 or 20% of District's actual Title I entitlement, as mandated by the No Child Left Behind Act.

**BACKGROUND:**

As a result of the recent suspension of AB3632 mandate (Handicapped and Disabled Students I and II, and Seriously Emotionally Disturbed Pupils: Out of State Mental Health Services), the Department of Behavioral Health (DBH) has determined it no longer has the mandate to continue to provide special education mental health services for the 2010/2011 fiscal year. In accordance with that conclusion, DBH has determined that the Interagency Cooperative Agreement No. 0-1049 that exists among DBH, County Superintendent of Schools, San Bernardino County Special Education Local Plan Areas (SELPA) and the Superintendents of Fontana, Morongo and San Bernardino City Unified School Districts is no longer sustainable.

Fontana Unified School District Special Education Local Plan Area (SELPA) have contracted with nonpublic, nonsectarian schools/agencies (NPS) per the student's Individualized Education Program (IEP) to provide services for exceptional needs students. Due to the above suspension, the NPS may/shall be providing the following services: Day Treatment, Case Management, Mental Health, Room and Board from February 1, 2011 through June 30, 2011.

**FISCAL IMPLICATION:**

Copper Hills Youth Center = \$30,500.00 Restricted ARRA Funds

**BACKGROUND:**

Due to the reduction of the Fontana Unified School District (FUSD) Adult Education program, a large number of Career Technical Education (CTE) classes were eliminated. There is now opportunity to use the Regional Occupations Program (ROP) as the vehicle for adult CTE classes and it is allowable by San Bernardino County Superintendent of Schools because it does not impact the District's current Regional Occupational Program. It does not displace FUSD students and there is no fiscal implication to Fontana Unified School District since it is a fee based program. The classes will be held at the Fontana Adult School using ROP equipment, curriculum and student attendance system.

In August, fee-based Regional Occupation Program classes will be offered to adults. This will provide the community with Career Technical Education opportunities. Pharmacy Technician, Catering Occupations, Medical Terminology, Certified Nursing Assistant and Computer Business Applications classes were chosen because there is a high demand for the training and the careers which these classes focus on.

**FISCAL IMPLICATION:**

None.

**RECOMMENDATION:**

The Superintendent recommends that the Board of Education approve admitting adult students into the Fontana Unified School District Regional Occupation Programs fee-based classes.

Resolution No. 11-91

Fontana Unified School District  
Board of Education

**Resolution in Support of Performance Based Teacher Layoffs**

**WHEREAS**, layoffs dictated by quality-blind layoff policies are catastrophic to our children's education

**WHEREAS**, research shows that the quality of education a child receives depends more on the quality of his or her teacher than any other school factor

**WHEREAS**, research shows that students taught by an ineffective teacher make 2.5 to 3.5 fewer months' of academic progress in a year than if they were taught by an average teacher

**WHEREAS**, the most disadvantaged students may be hit hardest by a layoff because they tend to have the newest teachers

**WHEREAS**, in seniority based layoff process talented teachers can lose their jobs while less effective teachers remain in the classroom

**WHEREAS**, recent studies indicate that more than 80 percent of seniority based layoffs would result in better teachers leaving classrooms and worse teachers staying

**WHEREAS**, teacher layoffs in California ignore a teacher's performance and teachers themselves say multiple factors, not just seniority, should be considered in layoff decisions.

**WHEREAS**, layoffs based on effectiveness cut only the lowest performing teachers, top performers of all experience levels are protected

**WHEREAS**, teacher seniority should be a factor in layoffs but a teacher's actual performance in the classroom should always matter most

**WHEREAS**, layoffs made on the basis of seniority mean that more teachers must lose their jobs in order for a school district to meet its budget reduction target than if layoffs included a mix of new and experienced teachers

**WHEREAS**, quality-blind, seniority based, layoffs exacerbate school district financial conditions, hurt great teachers and degrade our children's education

**WHEREAS**, stopping the practice of seniority based first in-last out layoffs helps reduce the financial damage done to school districts, supports good teachers and most importantly gives students the best opportunity for a quality education

**NOW, THEREFORE, BE IT RESOVED** that the Fontana Unified School District Board of Education strongly supports ending the practice of seniority based layoffs and asks all State of California legislators and Governor Brown to make it illegal to use seniority as the only layoff criteria and to make teacher performance the overriding consideration.

FONTANA UNIFIED SCHOOL DISTRICT  
Fontana, California

*Superintendent Office*

**ITEM TITLE:** Expenditure

**BOARD OF EDUCATION MEETING:** 07/13/11  
Consent Calendar Session

---

**BACKGROUND:**

The Fontana Unified School District contracts with the City of Fontana Police Department for provision of the Chief of School Police. Former Chief Robert P. Ratcliffe attended District high school graduation ceremonies as a member of the Superintendent's Cabinet in May. Due to the length of time required and the location away from District offices, meals were provided for participating dignitaries. As the Chief was not employed directly by the District, Board approval is required for District funds to be expended for his meal expenses.

**FISCAL IMPLICATION:**

Estimated cost \$39.00 from General Unrestricted Funds – Superintendent account

**RECOMMENDATION:**

The Superintendent recommends that the Board of Education approve expenditure in an estimated amount of \$39.00 for Robert P. Ratcliffe, former Chief of School Police, for meals provided while participating in District high school graduation ceremonies held at Citizens Business Bank Arena May 25 and 26, 2011.
