Pat Mazzulli congratulated the employee award recipients, commented on the professionalism of all district employees, the state of public education, negotiations and the procedure for layoff of preschool teachers.

Brandy Segal provided an overview of the Community Alliance For Fontana Students (CAFFS) event held the previous Saturday.

Richard Bruce commented on the employee recognition program, concerns he had received from employees regarding their work environment, and his perception that the Superintendent was under a hostile work environment from the Board.

Jose Davila, Maria Nava, Jennifer Perez, Esperanza Pulido and Juana Vargas spoke in support of the Preschool Program and teachers, and asked the Board to save the program. President Chavez asked Superintendent Olsen-Binks to speak; Ms. Olsen-Binks explained that the funds for the Preschool program were being cut by the State, and when such specialized funding was eliminated there was no other choice than to use General Funds or find another funding source.

As the District was having trouble funding K-12 education at that point, difficult decisions had to be made and staff would continue to look for alternative funding ideas. Superintendent Olsen-Binks invited parents who would like to hear more details about the budget and decisions that had to be made to the next Superintendent's Advisory Council meeting.

The item for consideration, discussion and/or action of the Administrative Law Judge's Proposed Decision regarding the reduction in services of certificated employees was pulled during adoption of the agenda.

Meeting Date
Set

President Chavez asked if the other Board members would be able to attend a special meeting for this item on May 9.

Board Member Garcia asked the Board attorney if it would be possible to participate in the meeting via teleconference.

Attorney Duran provided that could be done as long as a majority of the Board was congregated within the District; the Brown Act required only a 24-hour notice for posting of such a special meeting and that it was likely the agenda would not be posted until the Administrative Law Judge decision was received. The Brown Act also allows members to participate using video or teleconferencing however the location had to be accessible to the public, the agenda had to note that a Board member would be participating remotely and from what location, the agenda had to be posted at the remote location, and any vote taken had to be done by roll call.

There was consensus by the Board to set the meeting for 6:30 p.m. on May 9, 2012.

The Board adopted Resolution No. 12-27 recognizing the week of May 13-19, 2012 as National Police Week, and Tuesday, May 15, 2012 as Peace Officers' Memorial Day (copy attached to official minutes).

Resolution

Motion made by B. Chavez, seconded by K. Binks, and carried on a 5-0 vote.

President Chavez opened the public hearing on the petition for establishment of the American Enterprise Academy Charter School within the Fontana Unified School District boundaries at 8:46 p.m. and called on the petitioners to receive and answer questions.

Public
Hearing

Jerry Johnson, Lead Petitioner, fielded questions regarding the proposed charter school budget and curriculum items.

Motion to close the public hearing at 9:11 p.m. made by L. Garcia, seconded by G. Hawthorn, and carried on a 5-0 vote.

Upon recommendation by the Superintendent, the Board denied the petition to establish the American Enterprise Academy Charter School within the Fontana Unified School District boundaries pursuant to Education Code section 47605(b).

Board Member Green congratulated the five District students who had been selected as Gates Millennium Scholars and thanked Ms. Segal for the time and effort she put into the CAFFS events.

Comments

Board Member Garcia addressed the parents and teachers who had spoken regarding Preschool; it was a sad situation that teachers had received pink slips and done not because they wanted to make those decisions, it was a shame that the State had continued to cut funding to education and she planned to bring a resolution regarding the issue of funding to a future meeting. She offered a correction to Mr. Bruce that they (the Board Members) were not employees of the District; the Superintendent was an employee of the district and sometimes called upon to make difficult decisions and Mr. Bruce's comments could be construed as disrespectful.

Board Member Hawthorn commented on an article regarding health rebates from Kaiser Permanente and asked if the District might see a rebate from providers. Mr. Alvarez responded those were more for individual families and small businesses. Mr. Hawthorn then commented on the Board workshop held the previous Sunday, it was the best since he had been on the Board, it outlined what would be done to support learning and the nine essential components. The Board had made it clear they would support Administration in this, in a year all administrators would be trained to provide fair evaluations and when things were in place expectations for site administrators and teachers would be very clear. He saw the next couple of years holding great promise of academic achievement and success and thanked all those who took the time to attend and present at the workshop.

Board Member Binks thanked those who made the Relay For Life a success, shared that she had attended the PTA Honorary Awards Dinner and that she also had enjoyed the Sunday workshop; it was really worthwhile. She noted that at the previous meeting Board Member Garcia had taken her to task and she was right, she (Board Member Binks) should not have voted on the contract for the City to provide an after school program as that item was also tied to the contract for the Boys and Girls Club. She (Board Member Garcia) knew what she was doing, and she (Board Member Binks) was not trying to be spiteful but was caught up in what she thought needed to be done to make things right with the City and it slipped by her. She apologized to the people who had elected her, the Boys and Girls Club and Administration; she would never have done that on purpose and truly wanted to apologize. She then said she had gotten to thinking, Board Member Garcia had wanted her to be reprimanded and did a pretty good job herself. Board Member Binks continued that she got to thinking about something that really needed reprimanding; a Board Member had called a group of top administrators together while the Superintendent was away then at the end of the meeting gave a finger shake and told them that if they told anyone including the Superintendent about the meeting they would lose their job. Board Member Green had made her aware and wanted her to do something about it.

Attorney Duran requested and received recognition by President Chavez to speak; he cautioned Board Member Binks about where the discussion appeared to be going out of the protective feeling he had for staff, the Board and the District. Board Member Garcia asked for clarification from Board Member Binks that she was not talking about her or whoever because that was defamation; she was gaveled for being out of order by President Chavez. Attorney Duran offered that Board Member Garcia recognized the role of the Chair in such a meeting and when the President called a person out of order they were out of order unless the Board as a body took a vote to overrule the decision, if she would like she could ask for a vote of the Board to consider that she was not out of order and provide her the opportunity to speak, but where the conversation was going was not good for anyone. He understood her (Board Member Garcia's) fervor but was trying to keep them out of trouble; if the discussion went anywhere with three members talking about an issue that seemed to be very sensitive and personnel related it would not be good for anybody and not good for the District. He asked Board Member Garcia if she wished a vote on the question of her being out of order for the President could entertain. Board Member Garcia stated she simply would like the board member to acknowledge she was not talking about anyone on that side (of the dais) because it was not true; President Chavez again gaveled and called her out of order. Attorney Duran continued that he was not hearing Board Member Garcia asking for a vote on the question of her order, and respectfully asked Board Member Binks to wrap up her comments.

Board Member Binks commented that Board Policy stated the Board President would call the attorney yet other Board members called knowing that it was violation of the policy; by their own admission made public a few meetings previously that he was called and why, which again was a violation because they also had a policy on how to have items placed on Board agendas and she thought there should be a fairness when someone was accused of violating Board Policy. She thought Board Member Green's platform when running for office was to get rid of her (the Superintendent) and do away with tyranny; she agreed but thought they were looking for tyranny in the wrong place.

President Chavez thanked Primrose Elementary School for the bulletin board displays in the room, congratulated the employees who had received awards at the meeting, thanked Ms. Segal and administrators for hosting and attending the CAFFS event, thanked the Relay For Life Chair for all of her hard work, and recognized the PTA for hosting its annual Honorary Service Awards Dinner. She spoke of attending the City's farmers market and encouraged people to support Fontana all they could and thanked folks for coming together.

Board Member Garcia left the meeting.

President Chavez noted that while she was at the CABE conference earlier that day she had been partnered with someone who was an amazing person and she hoped to bring him to the District someday. President Chavez had been asked to speak at the conference about empowering parents; she brought up Project Inspire, getting involved, volunteering, and wanted to add come to Board meetings, ask questions and see why things happened.

Superintendent Olsen-Binks commented on being in graduation and awards assembly mode and of recognizing the Gates Millennium Scholars at the next meeting. She noted that many students were turning 18 and she was working with the League of United Latino American Citizens (LULAC), a non-partisan organization, to bring voter registration opportunities to high schools through Government classes; they also had packets for parents to register to vote, she would be calling the high school principals to make sure that was in place and thanked LULAC. With the many upcoming events she would try to put a master calendar together for administrators to divide attendance and would forward invitations to the Board.

BOARD OF EDUCATION MEETING: 05/16/12
Consent Calendar Session

BACKGROUND:

The Legislature will be deferring payment of some apportionments. The deferral will cause a cash shortage in the District's General Fund. Temporary interfund borrowing between District funds is allowable, but must be repaid within the same fiscal year or in the following fiscal year, if the transfer takes place within the final 120 calendar days of a fiscal year.

FISCAL IMPLICATION:

Funds to be borrowed will depend on cash flow for each of the budgets.

RECOMMENDATION:

The Superintendent recommends that the Board of Education adopt Resolution No. 12-21 to authorize temporary borrowing between funds of the school district as needed to meet the District's financial obligations for the 2012/13 fiscal year.

WHEREAS, the San Bernardino County Treasurer does not have authority to honor warrants drawn on school district funds with insufficient cash balances in the absence of an approved borrowing arrangement with the district; and

WHEREAS, the Governing Board of any school district may direct that moneys held in any fund or account may be temporarily transferred to another fund or account of the district for payment of obligations as authorized by Education Code Section 42603; and

WHEREAS, actual interfund transfers shall be accounted for as temporary loans between funds and shall not be available for appropriation or be considered income to the borrowing fund or account; and

WHEREAS, amounts transferred shall be repaid either in the same fiscal year, or in the following fiscal year if the transfer takes place within the final 120 calendar days of a fiscal year;

NOW THEREFORE, BE IT RESOLVED:

1. The Governing Board of the Fontana Unified School District hereby authorizes, for fiscal year 2012-2013, temporary transfers between District funds and authorizes the San Bernardino County Treasurer to honor warrants drawn on those funds, regardless of their cash balances, provided the aggregate cash balance of all those funds is positive.
2. The Superintendent or her designee to approve any actual interfund transfers processed between District funds and requires that any actual transfer of funds pursuant to this Resolution be ratified by the Board as soon as practicable.

ITEM TITLE: Representatives to League

BOARD OF EDUCATION MEETING: 05/16/12
Discussion/Action Session

BACKGROUND:

The Fontana Unified School District is a member of the California Interscholastic Federation (CIF) Southern Section. The mission of the Southern Section is to prepare athletes to practice ethical behavior including fair play, integrity, and obedience to rules, as well as the appreciation for athletic excellence and the shared educational experience of competition. All individuals associated with athletic activities are to be aware of and responsible for their influence on the behavior of others and be models of good sportsmanship.

Pursuant to Ed Code 33353(a)(1), names of district and/or school representatives to leagues are to be designated annually by school district or school governing boards. This is done so that the representatives of boards are the only people who will be voting on issues, at the league and section level, that impact athletics. Individuals from the district's comprehensive high schools have been designated as CIF Representatives to League for 2012-2013 as in the recommendation below:

FISCAL IMPLICATION:

RECOMMENDATION:

The Superintendent recommends that the Board of Education appoint John Romagnoli, Athletic Director, Fontana A. B. ITEM TITLE: Secondary Grading Policy

BOARD OF EDUCATION MEETING: 05/16/12
Discussion/Action Session

BACKGROUND:

The Fontana Unified School District is dedicated to fair and consistent grading standards across all schools and feels it is essential that equitable grading practices be used to ensure fairness for all students.

In May 2011, the Fontana Unified School District adopted a revised Secondary Grading Policy. After implementing the policy for a grading period, it was determined that the area of Academic Honesty needed to be added to ensure proper implementation.

The Department of Secondary Instruction worked with members of the Secondary Grading Policy Committee, as well as representatives from the Fontana Teachers' Association, to provide these clarifications and guidelines. Attached is the proposed section to be added to the Secondary Grading Policy.

FISCAL IMPLICATION:

None

RECOMMENDATION:

The Superintendent recommends that the Board of Education approve the addition of a section regarding Academic Honesty to the Secondary Grading Policy for implementation in the 2012/13 school year.

FUSD Secondary Grading Policy

Academic Honesty

FUSD requires all students to demonstrate honesty and to abide by ethical standards in preparing and presenting materials, as well as in testing situations. Grades should reflect the student's own work in the fairest possible way. Academic dishonesty, cheating, or plagiarism involves an attempt by the student to show possession of a level of knowledge or skill which the student does not possess. It involves any attempt by a student to substitute the product of another, in whole or in part, as the student's own work. This policy covers all school-related tests, quizzes, reports, class assignments, and projects.

Academic dishonesty includes, but is not limited to, the following:

Cheating

- Obtaining information from another student during an examination
- Communicating information to another student during an examination
- Knowingly allowing another student to copy one's work
- Offering another person's work as one's own
- Using an unauthorized electronic device to solicit, transmit, or search for answers
- Taking an examination for another student or having someone take an examination for oneself
- Sharing answers for a take-home examination unless specifically authorized by the teacher
- Using unauthorized material during an examination
- Altering a graded examination or assignment and returning it for additional credit, under the pretense that the teacher made an error
- Having another person or a company do the research and/or writing of an assigned paper or report
- Misreporting or altering the data in laboratory or research projects

Plagiarism

- Plagiarism is to present the ideas, words, or creative product of another as one's own. Credit must be given to the source for direct quotations, paraphrases, ideas, and facts which are not common knowledge.

Other Dishonest Conduct

- Stealing or attempting to steal an examination or answer key
- Stealing or attempting to change official academic records
- Intentionally impairing the performance of other students and/or a teacher, for example, by adulterating laboratory samples or reagents, by altering musical or athletic equipment, or by creating a distraction meant to impair performance
- Alteration of computer and/or gradebook records or forgery of signatures for the purpose of academic advantage
- Sabotaging or destroying the work of others

Collusion

- Collusion occurs when any student knowingly or intentionally helps another student perform an act of academic dishonesty. Collusion is an act of academic dishonesty and will be disciplined in the same manner as the act itself.

FUSD Secondary Grading Policy

The Role of the Teacher:

A teacher who has evidence that an act of academic dishonesty has occurred shall, after speaking with the student and parent, take one or more of the following disciplinary actions depending on the level of the infraction as established by the guidelines established by the Site/PLC:

- The student will receive an oral reprimand and the student will redo the assignment as determined by the Site/PLC (for example, in cases where there is reasonable doubt that the student knew that the action violated the standards of academic honesty)
- The student will receive an F/NC, zero points, **or** a reduced number of points on all **or** part of a particular paper, project, or examination (for example, for a first time occurrence of a relatively minor nature)
- The student will receive an F/NC for the grading period (for example, in cases where the dishonesty is more serious, premeditated, or a repeat offense)

In each of the instances listed above, the teacher will make a notation in the Visit Maintenance screen on ZANGLE!, and the student's Work Habits and Citizenship marks may be effected.

A student found to be academically dishonest may not have made a reasonable attempt on the assignment/assessment and therefor may not be able to resubmit their work as determined by the Site/PLC. However, because it is essential that the teacher know the true level of mastery that the student has for a particular standard, the student may be required to demonstrate their knowledge on a like assignment/assessment.

The Role of the Administrator

For any incident of academic dishonesty, which is sufficiently serious for the teacher to take advanced disciplinary action, which can lower the student's grade, the teacher shall report the incident to the administration for appropriate disciplinary action. The Administrator will determine the appropriate level of discipline based on the school's discipline hierarchy. These consequences will be recorded as part of the student's discipline record. Students found to be academically dishonest are subject to disciplinary action up to and including suspension; dismissal from student offices, athletics, and extracurricular activities; involuntary transfer; or expulsion.

BOARD OF EDUCATION MEETING: 05/16/12
Discussion/Action Session

BACKGROUND:

The Individualized Education Program, (IEP) is a written document that's developed for each public school child who is eligible for special education. The IEP is created through a team effort and reviewed at least once a year. Before an IEP can be written, a student must be eligible for special education. By federal law, a multidisciplinary team must determine that (1) he/she's a child with a disability and (2) he/she requires special education and related services to benefit from the general education program.

The Individuals with Disabilities Education Act (IDEA), a federal law, requires certain information to be included in the IEP but doesn't specify how the IEP should look. Because states and local school systems may include additional information, forms differ from state to state and may vary between school systems within a state.

The Special Education Information System, SEIS, was initially created to make IEP's easier for teachers to complete and track using a web-based system. Gradually, additional functions were added, that include a California Special Education Management Information System, CASEMIS utility, standards-based goals banks, and report generator utilities. Since its launch in 2003 over 80 SELPA's, Special Education Local Plan Area, use SEIS. Once a student's information is in SEIS, it can be accessed instantly by any SELPA using SEIS eliminating wait time of IEP requests.

FISCAL IMPLICATION:

\$41,676.25 Unrestricted Lottery Funds

RECOMMENDATION:

The Superintendent recommends that the Board of Education approve a contract with Accelify to enter into a license agreement for the use of Special Education Information System and use the web-based IEP at the cost of \$41,676.25, effective July 1, 2012 through June 30, 2013.

ITEM TITLE: Resolution

BOARD OF EDUCATION MEETING: 05/16/12
Public Hearing
Discussion/Action Session

BACKGROUND:

As a condition of receiving certain technology funds, the governing body is required to hold a public hearing on the Internet Safety Policy. The FCC defines CIPA compliance in the following areas:

- Access by minors to inappropriate matter on the Internet and World Wide Web
- The Safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications
- Unauthorized access including "hacking" and other unlawful activities by minors online
- Unauthorized disclosure, use, and dissemination of personal information regarding minors
- Measures designed to restrict minors' access to materials harmful to minors
- Educating minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, cyberbullying awareness, and response

In order to receive federal education technology funding, the governing board is required to hold a public hearing adopting Resolution No. 12-31, regarding the alignment of policies and practices regarding CIPA regulations.

Staff has determined and worked with state officials to confirm that the current Fontana Unified School District Acceptable Use Policies align to regulations.

FISCAL IMPLICATION:

None

RECOMMENDATION:

The Superintendent recommends that the Board of Education conduct the Public Hearing and adopt Resolution No. 12-31, regarding the Fontana Unified School District Student Internet and Electronic Mail Acceptable Use Policy and certify compliance with the Children's Internet Protection Act (CIPA).
