Student  
Showcase

The President called the Hearing Session to order and called for comments from visitors.

Visitors'  
Comments

Mr. Tony Orlich spoke of James Hightower's recent speech regarding loss of democracy, and of his new book.

Mr. D'Souza and Ms. Ashton presented the Capital Improvement Plan, encompassing building projects completed since 1987, current projects, and projected projects through 2008, with explanation of expenditures and funding sources.

Report -  
Capital  
Improvement  
Plan

Mr. Hawthorn questioned where the need arose for the proposed wing addition at Randall-Pepper Elementary School.

Ms. Ashton explained that as the district was moving in the direction of having all elementary schools on single track schedule, a wing addition at Randall-Pepper, along with attendance boundary adjustments, would allow nearby Date Elementary School to discontinue its multi-track schedule and run on single track.

Ms. Mancha commented that it was interesting to note that only a small percentage of funding came from developer fees.

Mr. McClure noted that the figures involved reflected an impressive amount spent on projects, and commended all involved with the projects on an outstanding job done.

Dr. Karolee Rosen-Araoye, Coordinator, Categorical Programs presented a report on the Adequate Yearly Progress (AYP) component of the federal No Child Left Behind act, a 12-year process to improve student achievement, and its objectives and implications.

Report -  
Adequate  
Yearly  
Progress

Mr. Hawthorn noted that the challenge to meet the Adequate Yearly Progress (API) objectives was significantly tougher than that of the Academic Performance Index, and asked if the strategies the district had been using for students to achieve and improve the API would change.

Dr. Rosen replied that school sites in the district had had a focus since the Curriculum Management Audit, and that gains that were being made had been traveling along with students because of what had been and would continue to be in place.

Mr. McClure commented that it would be confusing to try and explain the difference between the Academic Performance Index and Adequate Yearly Progress for those schools that met the API but not AYP, as proficiency standards in California were higher than those of other states, and the federal law required 100% of students to meet the achievement goals. He expressed hope that there would be some resolution, but noted that at the time the two goals seemed to be on a collision course.

Report -  
Adequate  
Yearly  
Progress,  
continued

On motion made by Mr. Rick McClure, seconded by Mr. Gus Hawthorn, and carried, the Board approved a contract with the County of San Bernardino Public Health Dental Disease Prevention Program Dental Hygienists to screen preschool students for dental needs and provide staff development to Early Education Health Assistants, first contract term August 2003 through December 2003 for the amount of \$25,000.00; second contract term January 2004 through December 2004 for the amount of \$25,000.00, total amount not to exceed \$50,000.00.

Contract  
Approved

On motion made by Mr. Rick McClure, seconded by Ms. Laura Abernathy Mancha, and carried, the Board adopted the following resolutions:

Resolutions  
Adopted

- a. Resolution No. 03-32, "Certificate of Acceptance" for real property, Assessor' Parcel No. 255-011-10 & 255-011-35 for High School #5. (Copy attached to Official Minutes)

Harshman, Ed.D. from signature cards for said accounts.

On motion made by Mr. Rick McClure, seconded by Ms. Laura Abernathy Mancha, and carried, the Board approved Teresa Hyden, Assistant Director, Fiscal Services, for authorized agent status for the Fontana Unified School District, effective August 21, 2003.

On motion made by Ms. Laura Abernathy Mancha, seconded by Mr. Gus Hawthorn, and carried, the Board approved renewal of Contract Agreement No. 03/04-0250 with San Bernardino County Superintendent of Schools for the Preschool Program, term of July 1, 2003 through June 30, 2004, for provision of \$433,994.00 to State Preschool programs.

Contract Agreement Approved

Mr. Orlich requested explanation on the type of testing services to be provided by the following contract, and whether contracts were bid upon.

Contract Approved

Mr. Lloyd Cash, Director of Maintenance/Operations/Construction, explained that contracts were not awarded by bid, that the firm had done other testing at the same site previously, and that the District had chosen to remain with them throughout the construction process. Testing services included ground testing and core sampling of concrete among others, and that it was a requirement of the Division of the State Architect to have these services performed by an outside consultant.

Mr. McClure asked if all outside contractors charged similar amounts.

Contract  
Approved,  
continued

Mr. Cash responded that contractors were guided by a fee schedule, and that putting such contracts out to bid would not result in any significant cost savings.

On motion made by Mr. Gus Hawthorn, seconded by Mr. Rick McClure, and carried, the Board approved a contract with John R. Byerly, Inc., for Division of the State Architect (DSA) Testing Services for construction of Ted J. Porter Elementary School, at a total estimated cost of \$120,000.00, and authorized Betty Fraser, Director of Purchasing, to sign necessary documents.
