To the Parent/Guardian of a potential AVID student:

Congratulations! Your son/daughter has been selected to apply for the high school AVID program. Advancement via Individual Determination (AVID) is a program that helps students who are at risk of not meeting college entrance requirements without additional support. Selected students will be supported through a class during the regular school day, where they learn note taking and study skills that will assist them in preparation for college. Additionally, tutors will be provided to work with the students individually and in small groups to help them in all academic areas. Guest speakers, college visits, and cultural experiences also enrich the program.

Come learn more about AVID! Schools will be hosting parent/student information night in February to explain highlights and commitments of the program.

***You may attend ANY of the listed meetings regardless of which high school your student will attend.**
